Notes: Classification of diseases and causes of death is based on the International Statistical Classification of Diseases and Related Health Problems (ICD) 10th Revision from 2001 onwards. The disease groups for the purpose of ranking causes of death have also been redefined based on the ICD 10th Revision, and new disease groups have been added. Figures from 2001 onwards may not be comparable with figures for previous years which were compiled based on the ICD 9th Revision.

註：由二零零一年起，疾病及死因分類乃根據《疾病和有關健康問題的國際統計分類》(ICD) 第十次修訂本。死因排次的疾病組別亦根據ICD 第十次修訂本作出重組，並加入新的疾病組別。二零零一年及以後的數字未必可與以往年份根據ICD 第九次修訂本所編製的數字互相比較。

Chinese terms of disease groups are based on those compiled by WHO Cooperation Center of Disease Classification, Beijing as the benchmark.

疾病類別的中文名稱是以北京世界衛生組織疾病分類合作中心所編譯的疾病名稱作為基準。

* According to the ICD 10th Revision, when the morbid condition is classifiable under Chapter XIX as "injury, poisoning and certain other consequences of external causes", the codes under Chapter XX for "external causes of morbidity and mortality" should be used as the primary cause of death. The detailed breakdown for the external causes is given in Table A9.

* 根據(ICD) 第十次修訂本，死亡個案的死因若屬於第十九章「損傷、中毒和外因的某些其他後果」，則應以第二十章「疾病和死亡的外因」作分類。外因的詳情分類數字載於表A9。

† Chronic lower respiratory diseases has been included as a disease group for the purpose of ranking the causes of death since 2001.

† 慢性下呼吸道疾病於二零零一年起加入為死因排次的疾病組別。

X indicates unknown sex.

X表示性別不詳。
