

Since March 8, 2020, all inbound travellers via Hong Kong International Airport are required to submit **health declaration form**.

To be environmental friendly, travellers are encouraged to submit the form online.

After submitting the online form, the system will generate a QR code. Please capture the screen of the QR code, and show it to the staff of the Department of Health upon entering Hong Kong. The QR code is valid for 24 hours.

In addition, inbound travellers can continue to submit the paper form.
