Dear Doctor,

Influenza Vaccination

As you may be aware, the Scientific Committee on Vaccine Preventable Diseases recommended the use of influenza vaccine to the following groups of people for the coming influenza season:-

- (1) Elderly persons living in residential care homes
- (2) Long-stay residents of institutions of the disabled
- (3) Elderly persons aged 65 years or above
- (4) Persons with chronic illnesses
- (5) Health care workers
- (6) Poultry workers
- (7) Children aged 6 to 23 months

The vaccine composition recommended by the World Health Organization for 2004/05 is as follows:-

- (1) A/New Caledonia/20/99(H1N1)-like virus
- (2) A/Fujian/411/2002(H3N2)-like virus
- (3) B/Shanghai /361/2002-like virus

Collaboration between the public and private sectors is crucial to achieve good vaccination coverage rate among target groups recommended by the Scientific Committee. Details about the scope of government's influenza vaccination program can be assessed at this website: <http://www.chp.gov.hk>

We appeal to your support in vaccinating your patients and staff who fall under the target groups recommended by the Scientific Committee. To facilitate public-private interface in influenza vaccination, we enclose a poster and a sample of Adult Immunization Record for your reference. You are welcome to collect free copies of Adult Immunization Records from offices of the Central Health Education Unit, by completing and fax the enclosed reply slip in advance.

Thank you for your kind attention.

Yours sincerely,

(Dr Thomas TSANG)
Consultant (Communicable Disease)
Centre for Health Protection
