衍生署 署長獻辭

衞牛署署長 林文健醫生 太平紳士 Dr Ronald LAM, JP Director of Health

MESSAGE FROM THE DIRECTOR OF HEALTH 欣逢本署專業發展及質素保證服務成立三十周 年,謹此致賀。

要繼往開來,先溯源歷史。家庭醫學服務(專業發 展及質素保證服務的前身)於一九九二年成立,轄 下家庭醫學深造培訓中心(培訓中心)肩負培訓家 庭醫學人才的重任。一九九四年,公務員診所歸 家庭醫學服務管轄,加強家庭醫學服務作為培訓 家庭醫學專科醫生的角色。同年,家庭醫學服務 為社區家庭醫學培訓中心。隨著家庭醫學服務的 擴展,於一零零一年易名為專業發展及質素保證 ・服務地點已經遍布香港島、九龍及新界多 區,為公務員及合資格人士提供優質的門診醫療 服務。除了原來的培訓中心,現時還有六間公務 員診所及一間香港公務員綜合健康中心,而第七 ("PDQAS") of the Department of Health 間公務員診所的規劃工作正在進行中。

為追求卓越,本署一直致力優化及提升公務員診 所服務。除了診斷和治療疾病外,近年亦引入不 同專業界別的醫護團隊,例如臨床心理學家、營 養師、視光師、藥劑師和物理治療師,以擴展及 提供多元化服務。二零二零年,公務員診所推行 「簡易配」先導計劃和糖尿病綜合治療計劃,為 病人提供更全面和更持續的醫療服務,績效有目 共睹。

專業發展及質素保證服務在重大傳染病爆發期間 **肩負重任**,致力統籌檢疫中心醫療站的運作和人 手,為接受強制檢疫人士進行醫學監察及提供基 本的醫療服務。2019冠狀病毒病肆虐全球,專業 發展及質素保證服務悉力應對挑戰,因應檢疫中

心的運作流程靈活應變,並與本署其他科別及政 府部門緊密聯繫、通力合作,令抗疫和防疫工作 發揮最大成效,竭力保障市民健康。

《論語·為政》:「三十而立」。志業有成,足以 自處,是為之「立」。三十年來,專業發展及質 素保證服務以保障市民健康為己任,耕耘不輟, 門診醫療服務而推陳出新,自2019冠狀病毒病爆 發以來更是不辭勞苦,同心抗疫,謹此衷心感謝 各同事的努力和貢獻,同創輝煌。

am pleased to offer my warmest congratulations to the Professional Development and Quality Assurance Service ("DH") on its 30th anniversary.

The past always informs our present and future. Since its establishment in 1992, the Family Medicine Service ("FMS"), the predecessor of PDQAS, has been responsible for operating the Education and Training Centre in Family Medicine ("the Training Centre") tasked with training family medicine professionals. In 1994, Families Clinics were brought under the purview of FMS for an enhanced training role in family medicine specialists, which received recognition as the Service was accredited by the Hong Kong College of Family Physicians under the Hong Kong Academy of Medicine as the Training Centre for Community Based

FMS was renamed PDQAS in 2002 in line with surveillance and primary medical care for its expanding network of service locations persons undergoing quarantine. As the across the territory, providing civil servants COVID-19 pandemic rages across the globe, and eligible persons with quality outpatient PDQAS is working at full steam against services. Apart from the Training Centre, challenges resulting from the virus. Sparing PDQAS is operating six Families Clinics (with no effort to safeguard public health, it has the seventh's preparation underway) and the managed the workflow of the guarantine Hong Kong Integrated Care Centre for Civil centres with flexibility, working closely with Service.

In pursuit of excellence, DH has been disease control and prevention. optimising and enhancing the services of patients, the "Integrated Care Programme" introduced in 2020 with remarkable success.

PDQAS is responsible for coordinating the future. operation and manpower of medical posts

Training in Family Medicine in the same year. in quarantine centres and providing medical other services within DH and across the Government for maximum effectiveness of

Families Clinics. In recent years, healthcare As is famously quoted by the Confucius, "One professionals from various disciplines such as is established at thirty" (Wei Zheng, the clinical psychologists, dietitians, optometrists, Analects), the past three decades saw PDQAS pharmacists and physiotherapists have joined work relentlessly to bring fresh impetus to its the PDQAS to broaden and diversify their pursuit of service excellence for the well-being service scope in addition to disease diagnosis of Hong Kong people, firming establishing and treatment. With a view to providing more itself as a key promoter of family medicine and comprehensive and sustainable care for the provider of quality outpatient services. In the wake of COVID-19, staff of PDQAS have been for persons with diabetes mellitus and a pilot supporting the Government in its battle against programme named "Stable Drug Use" were the pandemic despite their busy schedules. I wish to express my sincere thanks to them for their unswerving support in the past and During outbreaks of major infectious diseases, their dedication to the cause and vision for the

李敏碧醫生 太平紳士 Dr Teresa Ll. JP Deputy Director of Health

MESSAGE FROM THE DEPUTY DIRECTOR OF HEALTH

今年是本署專業發展及質素保證服務的三十周 年,特致賀忱。

回顧發展,一九九二年衞生署成立家庭醫學服務 (專業發展及質素保證服務的前身),並將家庭醫學 的概念加入普通科門診。時至二零二二年行政長 官施政報告中肯定家庭醫生的理念,並會在緊接 推出的「基層醫療健康藍圖」中明確積極推動以 預防為重、社區為中心的基層醫療服務。

本署專業發展及質素保證服務一貫重視醫療服務 質素,致力推動實踐家庭醫學,一直秉承依從家 庭醫學角度在公務員診所提供全面以及全人為本 的門診服務,績效斐然。

除此之外,專業發展及質素保證服務亦支援重大 傳染病感染控制的工作, 在疫情期間管理檢疫中 心醫療站的運作,為接受檢疫人士提供基本醫療 服務。

在此我衷心感謝專業發展及質素保證服務的全體 同事努力不懈,同心抗疫,亦祝願同事能承先啟 後,繼續提升醫療服務質素,造福人群!

of the Professional Development and of the Department of Health ("DH"). community. Congratulations!

DH established the Family Medicine Service (the predecessor of PDQAS) in 1992, and adopted the integration of the family medicine concept into general outpatient service. By 2022, the Policy address reaffirmed the importance of the family doctor concept and in the Primary Healthcare Blueprint anticipated to be published soon will emphasize on the building of a preventive-focused and community-based healthcare system.

Focusing on quality, PDQAS has always been providing comprehensive whole person care with a family medicine approach in Families Clinics, and the achievement is commendable.

Besides, PDQAS also supports infection control against major infectious diseases, and manages the operation of the quarantine centre medical post in providing primary medical care to persons undergoing quarantine.

I would like to express my heartfelt thanks to all colleagues of PDQAS for their total dedication This year marks the 30th Anniversary and strong team work in fighting against the pandemic. I also encourage them to keep up Quality Assurance Service ("PDQAS") the spirit and their good work in serving the 專業發展及 質素保證服務主管 獻辭

專業發展及 質素保證服務主管 范婉雯醫生 太平紳士 Dr Cecilia FAN, JP **Head of Professional Development** and Quality Assurance Service

MESSAGE FROM THE HEAD OF PROFESSIONAL **DEVELOPMENT AND QUALITY ASSURANCE SERVICE** 專業發展及質素保證服務致力推動家庭醫學專科 培訓和應用,讓家庭醫生常新廣闊的醫學知識和 累積治病經驗,具備體察病人擔憂和醫療需要的 真心和能力,為病人提供全面及全人的照顧。我 們重視醫療團隊的專業水平,積極與大學、專科 學院等建立伙伴關係,舉辦和支持持續教育活 動,例如基本生命支援術培訓、循證醫學、臨床 研究等,讓多專業的醫療團隊都具備專材,以提 升服務質素。

此外,本服務在重大傳染病爆發期間支援防控工 作,統籌檢疫中心醫療站的運作,為受檢疫人士 提供醫護支援。從「沙士」至2019冠狀病毒病 經歷過多次疫情,當中要面對各種的挑戰,亦締 造了機遇凝聚來自不同部門、不同崗位的人員的 熱誠,竭誠地盡心盡力捍衛香港的公共健康。

今年是專業發展及質素保證服務的三十周年,標 誌著成長的一個階段。展望將來,醫療的重心將 從治療轉向預防疾病,我們會繼續致力保持高質 的專業水平並堅持優質的醫療服務。在此,我再 次衷心感謝全體同事,大家無分彼此,攜手並局 This year is the 30th anniversary of PDQAS, 去豐富這充滿著感恩的旅程!

to promote specialist training in Family to upkeep the professional standards and accumulate experience so as to understand their dedication and strong team work. Hand patients' concerns and medical needs, and in hand, we have brought the hard work to provide patients with comprehensive and fruition on this ongoing journey!

whole-person care. We value quality and actively engage with universities, colleges etc., to organise and support various continuing education activities, such as basic life support training, evidence-based medicine, primary medical research, etc to equip our multidisciplinary professional team with skills, and to enhance the quality of care.

Notesworthy, PDQAS coordinates the operation of Medical Post in quarantine centers in supporting infection control against major infectious disease outbreaks. From "SARS" to COVID-19, we have experienced many epidemics. These uphill tasks have presented us challenges as well as opportunities. Colleagues from different departments and disciplines were brought together, dedicating themselves with selfless devotion to safeguard the public health of Hong Kong.

denoting our dedication and development. Looking forward, there will be a shifting of Professional Development and Quality healthcare focus from curative treatment to Assurance Service ("PDQAS") is committed the disease prevention. We shall continue Medicine to develop family doctors to support quality care. I would like to express keep up-to-date medical knowledge and my heartfelt thanks to all my colleagues for

架構圖

14 ______ 15

「專業發展及質素保證服務」的工作範疇包括:

1. 專業發展

支援家庭醫學培訓、舉辦研討會和課程,為發展 專業知識提供支援。多位醫生獲委任為兩所大學 醫學院的榮譽臨床導師參與教學,為醫科學生提 供學習家庭醫學的實戰經驗。學生會獲安排到診 所學習。

2. 門診服務及促進健康工作

公務員診所為公務員及合資格人十提供門診服 務、家庭醫學培訓中心為獲轉介的病人家庭提供 門診及輔導服務,以及支援衞牛署促進健康的工 作。

3. 質素保證

我們透過不同的專責小組,為同事提供技術更新 培訓,循證醫學支援,持續進修機會等,以達致 保持專業水平,提升服務質素及保障病人健康。 專責小組,包括:

- 基本牛命支援術培訓專責小組:定期舉辦基本 生命支援術培訓提供者課程。
- 循證醫學藥物指引專責小組:定期審視最新醫 學臨床及藥物指引。
- 質素保證專責小組:透過推行以項目形式的檢 討計劃,改善臨床服務質素,提高醫療水平, 達致保障病人健康的目的。
- 臨床研究專責小組: 進行臨床研究和撰寫醫學文 獻。
- 基層健康通訊專責小組:出版「基層健康通 訊」,以連繫各服務單位的基層醫療服務提供 者。

4. 檢疫中心 - 醫療站

統籌檢疫中心醫療站的運作,為接受檢疫人十提 供醫療服務和進行醫學監察。

5. 懲教醫療服務

醫生團隊的主要工作是為在囚人士提供醫療服 務。

The scope of work of Professional Development and Quality Assurance Service ("PDQAS") includes:

1. Professional Development

Supports training in family medicine, and conducts seminars and courses to support the professional development. Doctors who are appointed as Honorary Clinical Supervisors of the two local medical schools will provide clinical teaching in family medicine to students with sit-in consultation in clinics.

2. Outpatient Services & Health Promotion

Families Clinics provide outpatient services for civil service eligible persons, and the Education and Training Centre in Family Medicine provides outpatient and counselling services for referred patients, and supports the health promotion work of the Department.

3. Quality Assurance

through various working groups to maintain under quarantine. professionalism, enhance service quality and protect the health of patients.

Our working groups include:

- Group: Conduct BLS providers training ("PIC"). courses regularly.
- Evidence-based Medicine Drug Review Working Group: Review the latest clinical and medication guidelines regularly.
- Quality Assurance Working Group: To improve the quality of clinical services and enhance the standard of care through project-based review, to achieve the goal of protecting the health of patients.
- Primary Care Study Working Group: Conduct clinical research and contribute to medical literature.
- Primary Care Newsletter Working Group: Publish the "Primary Care Newsletter" to connect primary care providers in various service units.

4. Ouarantine Centre Medical Post

We provide up-to-date skills training, evidence- Coordinate the operation of medical post based medical support, and continuous in guarantine centres, and provide medical educational opportunities for our colleagues services and medical surveillance to persons

5. Correctional Medical Services

The main task of the medical team is to provide • Basic Life Support ("BLS") Training Working medical services for Persons In Custody

家庭醫學深造培訓中心

家庭醫學深造培訓中心(下稱"中心")於1992年 10月30號開幕·是一所提供家庭醫學專科服務之 診所。

中心主要角色是為醫生提供深造及培訓,以進修為香港醫學專科學院認可的家庭醫學專科資格。同時我們全力支持同事成為香港家庭醫學學院的臨床導師及聯合院士考試的考官,為有意考取專科資格的醫生提供教導及支援。我們亦有不少同事擁有兩所大學醫學院的臨床導師資格,為醫學生提供實戰臨床學習體驗。

中心設有診症室及治療室和觀察室作為培訓用途,中心亦提供視網膜攝影及聽力測試等服務。除了診症和教學外,中心亦曾為多項持續醫學進修活動提供場地,中心設有多用途演講室,研討室和小型圖書館。

護士長榮休 - 2022年

Education and Training Centre in Family Medicine

The Education and Training Centre in Family Medicine ("the Centre") was established on October 30, 1992. It is a clinic that provides specialist services in Family Medicine.

The key role of the Centre is to provide training opportunities for doctors who would pursue in acquiring specialist qualifications in Family Medicine recognised by the Hong Kong Academy of Medicine. We also fully support our colleagues to become clinical supervisors of the Hong Kong College of Family Physicians and examiners of the Conjoint Fellowship Examination; we provide teaching and support to doctors who wish to obtain specialist qualifications. Many of our colleagues are honorary clinical supervisors of the two local medical schools, and they provide handson clinical learning experiences for medical students.

There are consultation rooms, treatment rooms and observation room for observation during training sessions. The Centre also offers services such as retinal photography and hearing tests. Apart from clinical service and teaching, the Centre also provided a venue for various continuous medical educational

activities. The Centre is equipped with a multipurpose lecture room, a seminar room, and a small library.

香港公務員診所

香港公務員診所有着歷史悠久的背景,為最早成立的公務員診所。於五十年代已開始運作,早年設於中環舊政府總部。自1994年起,診所歸家庭醫學服務管轄。

診所現址鄧志昂專科診所,於2010年擴充至兩層設計,並增加診症室數目。又於2014年加設一層藥房,由藥劑師管理。

由於診所位於皇后大道東,位處銅鑼灣及灣仔交界,交通便利,鄰近商業中心及政府總部。在這黃金地段,診所服務需求殷切,診症名額天天爆 滿。

診所為在職及退休公務員及其家屬提供門診醫療服務,不論是急性疾病或是慢性疾病的病人,我們都是本着家庭醫學理念,提供綜合、全面、持續及病人為本的醫療服務。除了大量在職人士,更有不少退休長者選擇跨區應診,當中更有外藉退休人士,選擇在香港定居,以香港為家,問及原因,多是滿意本診所服務,感到在此看醫生很是安心。

Hong Kong Families Clinic

Hong Kong Families Clinic has a long history and was the first Families Clinic established. It began operating in the 1950s and was located at the former Central Government Offices. Since 1994, the clinic has been under the administration of the Family Medicine Service.

The Clinic is currently located at the Tang Chi Ngong Specialist Clinic. It was expanded to two-storey in 2010, with more consultation rooms added to the facility. In 2014, a floor was designated for use as a pharmacy, and it is managed by pharmacist.

The clinic is conveniently located on Queen's Road East, nestled between Causeway Bay and Wanchai, near the commercial centre of the city and the government headquarters. There is a strong demand for the clinic services owing to its prime location, and the clinic is fully booked daily.

The clinic provides outpatient medical services to civil servants and their family members. We provide comprehensive, holistic, continuous, and patient-oriented medical services based on the concept of family medicine, irrespective of whether they are suffering from acute or chronic illnesses. In addition to a large number of serving civil servants, there are also

many retired elderly folks who reside in other districts who choose to seek treatment at our clinic. There are even foreign retirees who have chosen to settle in Hong Kong and make it their home; upon enquiry, many said they are satisfied with our services and have confidence with our doctors.

不經意地我在香港公務員診所工作了六年。雖然工級工人的身份被覺得是一個不起眼的小人物,但在診所內,卻在擔當着一個重要的角色。除了清潔工作,我也需要維持診所內的秩序,協助醫生、護士、藥房的工作。初到診所時,我比較被動、安靜、不愛說話。六年後了很多,感謝一班好同事的支持。醫生隨和沒有架子,對我友好。藥房同事教導我生產的藥物常識。護士及文員同事亦和我合作,我會不可以有過過一個,大家相處融洽。當遇上阻滯及困難時,我們互相幫助,共同能決問題。另外,我也非常感激直屬上司,不時給我適當的指導及鼓勵,使我對自己更有信心去完成每項工作,做好自己的本份。我很榮幸成為公務員診所的一份子。

二級工人 黃怡安女士

今日的香港公務員診所團隊

20

九龍公務員診所

九龍公務員診所最初設於伊利沙伯醫院L座,其後 Kowloon Families Clinic was originally located 於1994年遷往油麻地賽馬會分科診所。 in Block L of Oueen Elizabeth Hospital, and later

當年只有兩所公務員診所,一所位於港島,一所 in 1994. 位於九龍。診所雖位處油麻地炮台街,但病人來 自不同地區,幾乎遍布全九龍及新界,診症服務 At that 需求相當高。除了重量,更要重質。為了改善診 Clinics, 症環境,診所於2013年7月遷址紅磡庇利街九龍城 Kowlook健康中心(即現址)。新診所面積較大為兩層設計, Battery 除了增設診症室和多間護理室外,還擴大了寫字 from di 樓及儲物範圍,令環境更為舒適。 the Nev

服務方面亦致力優化,全面引入電子病歷紀錄。診所又逐步加入了營養輔導、物理治療及心理諮詢服務、以配合病人的各種治療需要。此外,診所亦開展了「簡易配」先導計劃,由藥劑師、護士及營養師團隊,協助跟進病情穩定的慢性病病人,病人減少了醫生覆診的次數,却加添由多專業團隊的照顧,更為妥善,與此同時診所能騰出更多診治名額讓更多病人受惠,可謂一舉兩得。

這數十年來,診所各級同事均具備高昂的團隊精神,上下一心,竭力為病人提供優質服務。

Kowloon Families Clinic

Kowloon Families Clinic was originally located in Block L of Queen Elizabeth Hospital, and later relocated to Yau Ma Tei Jockey Club Polyclinic in 1994.

At that time, there were only two Families Clinics, one on Hong Kong Island and one in Kowloon. Although the clinic was located on Battery Street in Yau Ma Tei, its patients were from different districts all over Kowloon and the New Territories. As a result, the demand for consultation services was very high. Both quantity and quality of service are important. To improve clinic environment, it was relocated to the Kowloon City Health Centre in Bailey Street, Hung Hom (i.e. the current location) in July 2013. The new clinic is a two-storey clinic, with more consultation and treatment rooms, as well as an expanded office and storage area, making the environment more comfortable.

The clinic is also committed to improving its services, with implementation of electronic medical records. Dietetic counselling, physiotherapy and clinical psychology services have been gradually introduced to cater to patients' needs. In addition, the clinic has launched the "Stable Drug Use" pilot programme, in which a team of pharmacist, nurse, and dietitian assist in following up

patients with stable chronic diseases. Patients will have fewer consultations with doctors, but receive more well-rounded care from a multi-disciplinary team. This also releases consultation slots for other patients in need.

Over the past few decades, the Clinic has fostered a great team spirit for staff at all levels, which work together and strive to provide quality care for patients.

二十多年前隻身遠赴英國牛津參加循證醫學教學課程, 有幸遇到世界各地對循證醫學有興趣的學者,當時小組 討論的主席後來更成為牛津循證醫學中心的主管。現在 回想起來,當時真是少年不識泰山。

當年甚少醫生談及和實踐循證醫學,在大學也沒有規範 的教導課程,回港後頓覺責有所歸,成立了循證醫學小 組。

我們亦曾到四川交流,也有幸參與籌劃香港Cochrane 中心舉辦的亞太區循證醫學醫學會議,和世界各地及北京大學中國Cochrane中心的學者交流,受益匪淺。

在實踐上,我們和多個小組合作,編著了多份循證醫學指引和審計報告,包括高血壓和膽固醇的臨床治理指引,是當時甚為少見的本地循證醫學指引。近年大家對循證醫學也不陌生了。

現在臨近退休的年齡,也到了交棒的時候。希望多年的努力,能為醫學泛起一點漣漪,讓傳承者化為浪濤。

高級醫生 黃智剛醫生

今日的九龍公務員診所團隊

昔日的九龍公務員診所團隊

柴灣公務員診所

柴灣公務員診所位於東區尤德醫院主座大樓內, 於1995年開始提供服務。隨著服務需求日增,診 症室數目亦相繼增加。由於診所位於醫院內,亦 有不少人並不清楚診所是隸屬衞生署的。

在過去的近二十個年頭,診所的工作有不少挑戰,但幅度大如COVID-19般的就是前所未見,這正好是發揮團隊合作的機會。同事們一方面要應付診所日常工作,更要同時應對檢疫中心日新月異極速變化的工作。

我們非常慶幸同事們能上下一心,每個人都發揮著無窮能量,在最黑暗的時間連成星光熠熠的銀河,昂首闊步一起渡過難關。如果沒有黑暗,星星也不會如此閃耀,能夠成為診所的一份子我們很自豪!

今日的柴灣公務員診所團隊

昔日的柴灣公務員診所團隊

Chai Wan Families Clinic

Chai Wan Families Clinic is located in the main block of Pamela Youde Nethersole Eastern Hospital and commenced services in 1995. The number of consultation rooms at the clinic increased as the demand for services grew. As the clinic is located in a hospital, many are unaware that the clinic operated under DH.

Over the past 20 years, the Clinic has faced its share of challenges, but the impact brought about by COVID-19 has been unprecedented, and it is an opportunity for the clinic to exercise our team spirit. Our colleagues have to continue clinic service as well as the rapidly changes in quarantine work.

It is very fortunate that we have team work and each of us has dedicated boundless energy. We have lit up the skies even in the darkest of times, and have forged ahead despite the obstacles along the way. Stars can't shine without darkness, and I am proud to be a part of the Clinic!

柴灣公務員診所團隊

<u></u> 柴灣公務員診所團隊

新界公務員診所

新界公務員診所在2010年3月1日開展服務,並於2016年10月11日從葵涌梨木樹遷址荃灣。診所為兩層設計,並增加了診症室數目。在12年的歲月裏,診所逐漸成熟。除了為病人提供心理諮詢服務,我們的團隊亦樂於引入新思維使服務更多元化。除了診症治病外,我們加入了心理諮詢服務。又於2018年擴闊服務對象,也為兒童提供心理諮詢服務。定下服務的基礎和方針後,添置合適的配套和裝備,便率先在本診所作先鋒試點,效果理想。後來把服務延伸到其他公務員診所,以提升整體臨床心理服務對象的全面性。

在2019冠狀病毒病疫情的初期,我們的團隊同時需要兼顧診所的臨床工作,亦肩負"饒宗頤文化館酒店-翠雅山房"檢疫中心醫療站的職務-包括維護檢疫人士的健康和減低病毒在社區傳播的風險。其後,我們又與其他診所的同事在不同的檢疫中心裏一起攜手並肩奮鬥。

在PDQAS的悉心孕育下即使面對各樣的挑戰,我們都能懷着信心,迎難而上。

非常高興能加入新界公務員診所這個充滿挑戰的大家庭,每天都接觸到各色各樣的突發事,幸好得到上司耐心的教導和同事們的互相幫助,讓我懂得冷靜地解決問題。除此之外,我學到了一些醫護相關的知識,既有趣又與生活息息相關。最後很感恩遇到能一同分擔工作、互相關顧及支持的同事們。

文書助理 黎芷筠女士

來到新界公務員診所已經三年有多了,回首這三年多來的忙忙碌碌,在工作中經過適應、調整、努力和堅持,對我而言真是獲益良多。很慶幸能夠加入到一個團結和睦的團隊,慶幸能夠遇到對我們關懷備至的上司,慶幸擁有這麼多親切熱情的同事,我切身感受到了團隊精神的重要性。雖然時間不長,上司對工作的精益求精、同事間友好和諧的工作態度,這些都讓我感覺到加入診所工作,不知不覺之間一直都在成長與變化。

文書助理 陳穎然女士

新界公務員診所是一個充滿友愛的大家庭。我有幸認識到五位非常出色的文書助理,他們在診所各展所長,貢獻良多。工作氣氛非常和諧,所有同事都各盡其職,互相扶持。工作上遇上困難,同事和上司們都會非常熱心幫助我解決問題,使我很快走出了困境。上司經常鼓勵我參與不同類型的訓練課程,例如普通話和電腦課程,為我規劃更好的職業發展,使我在不同的工作崗位也能應付。在疫情期間,診所面臨更多未知和突發事件,但總務室的文員一直團結一致,齊心協力完成工作,令我漸漸的明白,各個崗位都有發展潛能、增長知識的機會。只要我們以充分的熱情去做即使是最平凡的工作,也能貢獻社會。

助理文書主任 蔡瑩瑩女士

不經不覺已在這個大家庭工作了二十六年了。回顧第一日返工踏入公務員診所的一刻,看見每一位同事臉上掛著親切的笑容,讓我很有歸屬感,雖然是一名小小的職員仍懷著一份使命感,能為市民服務,感到無比的喜悅。多年來,見證著診所工作中變化,由最初的病人醫療記錄以所屬部門及姓名排列,到現在按身份証號碼排列,又由第一台386電腦到現在的CIMS2,大大提升了工作效率,工作上也給予我滿足感。我有機會參與檢疫中心的文書工作,由2003年的沙士到今年的COVID-19,每次都有不同的體驗。很感恩可以在公務員診所工作,讓我認識了許多不同職系的同事,他們非常讓卑友善,沒有階級觀念,工餘時間,大家還會相約食飯、行山、旅行,彼此分享工作和生活上的難處,互相扶持和鼓勵。

助理文書主任 黃鳳娟女士

New Territories Families Clinic

New Territories Families Clinic commenced services on March 1, 2010, and relocated from Lei Muk Shue, Kwai Chung to Tsuen Wan on October 11, 2016. The clinic has a twostorey floor plan and an increased number of consultation rooms. Over the past 12 years, the Clinic has grown from strength to strength. Apart from providing clinical services to patients, our team is keen to introduce new concepts to diversify services. Clinical psychology services were then introduced. In 2018, the service targeted to include children. And after setting the service direction, we acquired suitable equipment and facilities to spearhead a pilot programme at the clinic. The results were encouraging, and therefore the service was extended to other clinics to serve a broader target group.

During the early phase of the COVID-19 outbreak, our team had to provide clinic service and at the same time operate the Medical Post in the quarantine centre at the Jao Tsung-I Academy's Heritage Lodge. This included protect the health of persons in quarantine, and reducing the risk of virus transmission in the community. Since then, we have worked

alongside our colleagues from other clinics in the various quarantine centres.

With the nurturing spirit of PDQAS, we were able to rise to the variety of challenges we faced with confidence.

新界公務員診所團隊

新界公務員診所開幕禮 - 2010年

粉嶺公務員診所

粉嶺公務員診所位於粉嶺健康中心,在2016年開 展服務。

「我今年六歲‧是PDQAS家族第六個孩子‧我住在璧峰路‧那裏空氣很好‧周圍有好多古蹟‧絕對是郊遊的好去處。

在疫情期間,我和八鄉表哥並肩作戰,共同抗疫,大家互相扶持,那種團體精神和無私奉獻, 令我深深感受到真摯的人情味。」

Fanling Families Clinic

Fanling Families Clinic is located in Fanling Health Centre and commenced its services in 2016

"I am six years old, and the sixth child of the PDQAS family. I live at Pik Fung Road, where the air is fresh and cool, and there are many historical sites around. It is a nice area for an outing.

I worked side by side with my cousin, Pat Heung, to fight against the pandemic. We supported each other, and I was deeply moved by the sense of camaraderie and selflessness."

粉嶺公務員診所團隊

粉嶺公務員診所開幕 - 2016年

粉嶺公務員診所團隊

粉嶺公務員診所醫生榮休 - 2022年

我在PDQAS工作了近13年,真是獲益良多。 部門給了我很多學習機會,包括循證醫學,心 肺復甦導師訓練,藥物安全,到外地學習及各 樣行政經驗,其中學習團隊精神更是獲益良 多!希望衞生署及PDQAS同事繼續發揮專業 精神,增益大眾市民健康!祝PDQAS 30周年 快樂。

前診所高級醫生 王惠敏醫生

西貢公務員診所

西貢公務員診所位於方逸華診所,自2018年12月 尾啟用。診所規模雖少,但服務多元化,除了提 供門診服務、護士護理服務,亦提供心理諮詢服 務、物理治療及營養輔導等服務。此外,診所現 時已使用電子檔案,既環保又快捷,逐步減少診 症時用紙張記錄。

Sai Kung Families Clinic

Sai Kung Families Clinic is located at Mona Fong Clinic, and it has been operating since the end of December 2018. Although the clinic is small in size, it offers a wide range of services, including outpatient medical services, nursing care services, clinical psychology, physiotherapy and dietetic counselling services. In addition, the clinic now uses electronic medical records, which are both environmentally friendly and more efficient, and this has reduced the use of paper medical records during consultations.

說到西貢·必會聯想到「海鮮」、「登山健行」和「美食」等等·誰想到香港後花園還有一間公務員診所。

不少人印象中西貢偏遠,其實交通尚算便利,將軍澳、黃大仙、田 角、觀塘、馬鞍山以及遠在港島或離島的病人都能輕鬆來到。

穿過綠意盎然的山道進入西貢市中心,診所位處中心地帶,人流絡繹不絕車水馬龍。診所接近路邊,偶爾能聽到嘻笑交談聲和汽車運轉聲,新年時節更聽到舞獅聲,可謂不愁清靜。抬頭能看到藍天白雲、 感受太陽揮曬在身上的溫暖和聞到微風帶來海洋味道,或許能治癒忙碌帶來的疲倦。

診所經歷過大大小小的塞車、颱風暴雨以及疫情等・縱然有不能預測的事情發生・慶幸有一群志趣相投並互相幫助的同事・為平凡忙碌的工作生活帶來更多樂趣。多一點理解及幫助・工作與生活都愉快。

助理文書主任 馬寶儀女士

西貢公務員診所團隊

護士團隊

懲教醫療服務

「懲教醫療服務」是衞生署調派往懲教署的一支醫生團隊,支援全港懲教院所內的醫療服務。「懲教醫療服務」的醫生工作包括:為在囚人士進行身體檢查和治療疾病;為有需要的人士作出轉介;巡視隔離囚禁的人士,以了解他們是否適合繼續隔離囚禁;巡查院所內的各項設施,以確保其衞生情況合符標準。此外,醫生亦需要為法庭撰寫醫療報告,讓法庭作為判刑參考。醫生亦會到法庭作證,例如死因研訊或其他法庭案件等,以提供相關的醫學證明或專業意見。

除日間工作外,醫生亦要夜晚侯召處理緊急醫療工作。漫漫長夜,在宿舍內可「享受」各處院所的特色.....是另類的寓「娛樂」於工作!

星羅棋佈,對牛彈琴的—大嶼山 夜夜煙花,老人與海的—喜靈洲 風光明媚,水清沙幼的—赤柱 夕陽無限好的—大小欖 幻彩詠香江節目的—九龍區 火焰山感受的—羅湖 有一天內能嘗四季的—壁屋

衞生署和懲教署合作無間

Correctional Medical Service

Correctional Medical Service ("CMS") is a team of doctors of Department of Health ("DH") deployed to the Correctional Services Department to support the medical services in correctional institutions in Hong Kong. The duty of doctors includes: assess and provide medical treatment for PIC; arrange referral for those in need; inspections of those in isolation and assess their suitability to continue confinement in isolation; regularly inspect the various facilities in the institution to ensure that the hygiene conditions meet the standards. In addition, doctors also need to write medical reports for the court for sentencing consideration. Doctors will also attends court, such as coroner's inquests or other court cases, to provide relevant medical evidence or professional opinion.

In addition to daytime work, doctors need on-call at night to handle medical emergency. In the long night, one can "enjoy" the characteristics of various institutes in the dormitory... an unconventional combination of "entertainment" and work!

Starry nights, "play music to ox" —Lantau Island Fireworks in the night, "old man and the sea" — Hei Ling Chau

Beautiful scenery, clear water and fine sand—Stanley

Beautiful sunset—Tai Lam and Siu Lam A Symphony of Lights—Kowloon District Hot as volcano—Lo Wu To enjoy four seasons in one day—Pik Uk

30

行政組

PDQAS行政組不斷在成長。

過去.....

行政組最初位於家庭醫學深造培訓中心。成立之 初連同主管就只有六人, 肩負起支援服務及當時 四間診所各項行政工作。

蛻變.....

行政組於2006年遷往現址位於藍田分科診所的辦公室。隨著PDQAS的服務擴展和新診所落成,行政組自2015年開始亦陸續注入新血,終於到2019年發展成一支有10多位同事的團隊,讓行政組更能優化不同範疇的行政工作。

未來.....

行政組會一路伴隨PDQAS成長,作最強的後援。

行政組 -2007年

行政組 -2019年

行政組 -2022年

Administration Section

PDQAS Administrative Unit is growing.

Our Past...

The Administrative Unit was originally located in the Education and Training Centre in Family Medicine. It was initially set up with only six staff - including the head - to provide support to the service with four clinics at that time.

Our Transformation...

The Administrative Unit relocated to its current office in Lam Tin Polyclinic in 2006. With service expansion and new clinics, the Administrative Unit has recruited more staff since 2015, and grew to a team of more than 10 colleagues in 2019. This allows the Administrative Unit to optimise its administrative work.

Our Future...

The Administrative Unit will continue to grow along with PDQAS, and be its staunchest supporter.

昔日的基本生命支援術培訓

基本生命支援術培訓 – 2022年

自2003年起參與基本生命支援術培訓工作的導師

基本生命支援術培訓專責小組

基本生命支援術("BLS")培訓專責小組(下稱"小組"),致力為衞生署各服務單位的專職醫護提供BLS的培訓。除了定期開辦BLS提供者證書課程外,小組也提供導師課程和其他支援,例如更新的國際循證指引、借出或提昇器材、安排演習訓練和提供意見等。

小組的成立是始於2003年,本服務的醫生獲得加拿大Justice Institute的基本心肺復甦術(Cardiopulmonary Resuscitation ("CPR"))認可的導師資格,成為CPR提供者課程的導師,便開始籌组最早期的CPR培訓小組(其後依國際慣常名稱易名為BLS小組)。我們成為認可培訓中心後,並開始開辦證書課程。

在持續發展下,我們致力增加更多導師。於2006年,小組邀請加拿大CPR導師課程的培訓導師來港為我們提供第一個導師課程。2011年,我們更進一步與香港急症科醫學院及美國心臟協會協辦導師課程,悉數培訓更多導師。自2012年開始,我們是具有美國心臟協會認可的導師資格,亦是獲認可的BLS訓練場所。我們定期開辦BLS提供者和導師證書課程,令衞生署的專職醫護經常具備純熟的救援技術和充足的自信,隨時隨地都可為病人提供高效的急救服務。當遇上危急的狀況,便能為生命懸垂一線的人作出即時的救援,拯救生命。

2004年至今,我們共培訓超過60位導師,參與BLS培訓的數量多達7000人次。

疫情期間,我們亦靈活安排醫護培訓以作支援疫苗接種。縱使開辦課堂受到各種因素影響,或需延期、或限制參加人數,但我們並沒有一刻停頓下來。小組仍舊繼續定期更新BLS的指引和邀請新的同事加入導師培訓,為我們團隊增添動力。我們又全面更新器材,添置具備感應和記錄功能的成人及嬰兒人體模型,讓同事在練習時能夠透過實時心肺復甦反饋,改進自己的技術,達致更有效的培訓。此外,我們亦協助檢疫中心醫療站的醫護安排急救演習訓練。

全賴團隊的超強適應力和不辭勞苦,讓我們能繼續促進專職醫護時刻擁有救急扶急的信心和能力。

組長 梁詩韻醫生

Basic Life Support (BLS) Training Working Group

The Basic Life Support ("BLS") Training Working Group is dedicated to providing BLS provider training to health professionals across DH service units. In addition to offering regular BLS provider certification courses, the working group also provides instructor courses and other forms of support, such as updated international evidence-

based guidelines, loaning or upgrading equipment, conducting mock drills for training purposes, and providing advice in the area.

The working group was first established in 2003 when our doctor received accreditation as an instructor for the Cardio-pulmonary Resuscitation ("CPR") provider course from the Justice Institute of British Columbia in Canada. The doctor become a CPR provider course instructor, and began to organise the first CPR training groups (which were later renamed to "BLS groups"). The group actively advocated for our Service to become an accredited training centre, and it began to offer certification courses.

As we continued growing and developing, we strived to engage more instructors. In 2006, we invited a trainer from the Canadian CPR Instructor Program to provide our first instructor course. In 2011, we further collaborated with the Hong Kong College of Emergency Medicine and the American Heart Association to offer an instructor course, with the aim to train more instructors. Since 2012. we have been accredited as instructors with the American Heart Association and approved as a BLS training facility. We offer BLS provider and BLS instructor certification courses regularly so that our health professionals are always well-equipped with the skills and confidence to provide efficient emergency resuscitation to patients anytime and anywhere. In critical situations, our healthcare professionals are then able to provide emergency

34

rescue and life-saving services to those whose lives are on the brink.

Since 2004, we have trained over 60 instructors, and over 7,000 participants have attended our BLS training programme.

During the COVID-19 pandemic, we provided timely assistance in the arrangement of the relevant 在香港家庭醫學學院舉辦的文憑課程任教 training to support vaccination. Even though there were limitation such as postponement, or restrictions in class size, we did not rest on our laurels. The working group continues to update the BLS guidelines, and invite new colleagues to join the instructor training, to add dynamics to our team. We have also updated our equipment, and have added adult and infant CPR manikins with sensors and recording capabilities. This facilitates more effective training through realtime CPR feedback during practice, and allows 為衞生署藥物辦公室發放給公眾的藥物安全資訊 our colleagues to improve their skills. In addition, 提供意見。小組會繼續努力,將循證醫學應用實 we assist medical posts in quarantine centres in conducting emergency drills.

We are grateful to everyone in the team for their adaptability, hard work, and dedication, which allowed us to continue to boost the confidence and ability of health professionals of the Department, to enhance their preparedness to respond to emergencies at all times.

Group Leader Dr LEUNG Sze Wan, Selina

循證醫學藥物指引專責小組

務的幾位醫生前往英國牛津進修,深切體會到循 證醫學的重要,亦掌其應用技巧,便成立了小 組,向醫護推廣循證醫學的概念及普及其應用。 臨床診斷,讓病人得到最合適的治療方案。

現在循證醫學已廣為人識,小組將工作重點放置 , 主要運用已學得的技巧, 為本服務的藥物 踐在臨床診斷、治療以及預防疾病,最終令病人 得益。

循證醫學藥物指引專責小組

Evidence-Based Medicine Drug Review Working Group

Over 20 years ago, when evidence-based medicine ("EBM") was still not widely recognised, several doctors from PDQAS went to Oxford, UK, for further studies. They realised the importance of EBM and its application, so they set up a working group to promote the concept and its application in healthcare. Initially, they promoted the concept of EBM and discussed the approaches and obstacles to the practice by conducting seminars, publishing articles in medical journals, and teaching in the diploma course offered by the Hong Kong College of Family Physicians. They have once set up an EBM database on the website to facilitate healthcare providers to refer to the latest international medical research findings, to help make the best clinical diagnosis and provide patients with the most appropriate treatment plan.

Now that EBM has become well-recognised, the working group has shifted its focus on its application to form the current EBM Drug Review Group which conduct timely reviews of

the Service drug formulary, and to review the efficacy of new and existing drugs against the evidence and findings. It also provides input to the drug safety information disseminated to the public by the Drug Office of DH. The working group will continue to work on applying EBM in clinical diagnosis, treatment, and prevention of diseases for the ultimate benefit of patients.

> Group Leader Dr WONG Chi Kwong Dr NGAN Ka Lai

第一屆亞太地區循證醫學研討會 - 2002年

質素保證專責小組

「質素保證專責小組」成立的目的是透過觀察記、参考標準、制定準則、培訓、審查審核、甚至認證等,以確保本服務轄下診所提供的醫療服務以及各類支援服務能符合良好素質,及保障醫護及病人的健康和安全。當中可涉及的範疇廣泛,包括醫療服務的提供、感染控制措施的制定及施行、藥物儲存、派發及安全使用的管理、訊息和資料尤其個人資料的管理、職業健康的推廣及執行、醫療廢料的管理、臨床事故處理等。

組長 吳國強醫生

Quality Assurance Working Group

The Quality Assurance Working Group was established to ensure the quality of the medical and services provided by the clinics, and to protect the health and safety of healthcare workers and patients. This could be done through the observation of records, reference standards, development of criteria, training, review and audit, and even accreditation. The working group has a wide-ranging scope of work, including the provision of medical services, the development and implementation of infection control measures, the management of drug storage, distribution and safe use, the management of information and data, especially personal data, the promotion and implementation of occupational health measures, the management of medical waste, and clinical incident handling, etc..

Group Leader Dr NG Kwok Keung

Each of these areas is important, but to achieve the respective goals, we need to engage colleagues in the goal-setting process. The working group will make recommendations according to importance and priority. In the past, we have audited clinics for the treatment of common chronic diseases such as hypertension, diabetes, hyperlipidemia, gout, asthma, etc. to ensure that patients received the appropriate treatment that conforms to quality standards, and that the risk of complications is reduced. The working group has also facilitated clinic audits on the accuracy of blood pressure measurement by nurses, and regularly reviews reports of adverse drug events. The training and implementation of infection control measures in the clinics is a regular item on the audit checklist, and the importance of proper infection control has been highlighted during the COVID-19 outbreak. We will provide infection control training to all staff involved in the medical posts at quarantine centres, to ensure that they have proficient in using Personal Protection Equipment (PPE), and that they are well protected in their line of work.

投訴處理檢討專責小組 - 2022 年

臨床研究專責小組

在過去二十多年,我們曾進行了多項基層醫學的 研究,而研究的範圍涉及不同的醫學領域,包括 常見的慢性疾病、癌症篩查、新冠快速測試準確 性的比對、病人對醫療資訊和疾病的看法和觀念 等等。除了進行研究外,小組亦不時向本服務提 供研究方面的意見,並非常樂意和同事們互相分 享心得。

基層健康通訊專責小組

「基層健康通訊」是每3個月出版一次的季刊,二十多年來,已經出版了91期。出版的目的,是以最新的醫療及健康資訊來聯繫不同服務單位的基層醫療服務提供者。多年來本通訊在排版和內容上有了很大的進步,由單色印刷改到彩色印刷、編輯團隊由6個人增加到14個人、當中包括了不同專業的同事,例如營養師、視光師、臨床心理學家、物理治療師等,令到本通訊的內容更加豐富和廣泛。多年來,我們作了很多新嘗試,例如贈送藥物安全報示貼、每一期刊登有獎問答遊戲等,希望和讀者們增加互動。

組長 陳家偉醫生

第1期《基層健康通訊》

Primary Care Newsletter Working Group

The "Primary Care Newsletter" is a quarterly newsletter published every three months, with 91 issues published in the past 20 years. The purpose of the publication is to connect primary care providers in the various service units with the latest medical and health information. Over the years, the newsletter has made great improvements in its layout and content. It went from monochrome printing to colour printing, members on the editorial team have increased from 6 to 14, and they come from different professions such as dietitians, optometrists, clinical psychologists, physiotherapists, etc. Their input further enrich and broaden the content of the newsletter. Over the years, we have realised ideas, such as giving away drug safety sticky note, publishing Q&A games with prizes in each issue, etc. to increase interaction with readers.

Group Leader Dr CHAN Ka Wai

第91期《基層健康通訊》

新近發展

家庭醫學顧問醫生 吳國強醫生 Consultant (Family Medicine) Dr NG Kwok Keung

飛得更高更遠 Flying Higher, Going Further 自轉職至現在的崗位,不經不覺已超過三年半。 面對種種挑戰,除了沉着應戰,就只有沉着應 戰。樂觀點看,困苦中必有得着、黑暗盡頭必現 曙光。在徬徨無助之際,身邊總會出現一個又一 個的小天使,協助我度過困境。我很感恩,身處 這個偉大的團隊,去經歷我的轉變。

角色的轉變:以往作為一間診所主管,主力照顧好病人,管理好下屬、改善好流程、促進好團隊精神,有需要時向管理層反映資源不足,希望爭取較佳工作配套......現今作為管理層一份子,要評估成本效益,要將資源分配給最有需要的團隊,要體諒在爭取資源時大家所面對的行政困難,也要疏導各同事在困境中的不滿情緒......

關係的轉變:一群識於微時的同事,先後被選中進行家庭醫學培訓,大家一起努力、互相扶持。每次有特別行動,這群巴打、絲打總會挺身而出,義無反顧的把任務完成。現今工作崗位有所轉變,在處理人事調動、資源分配、以致額外的工作安排等,雖然已盡量力求公平,但總有順得哥情失嫂意的感覺......在工作上有不同意見本屬平常,最後決定亦大多不能滿足所有人的期望,希望大家多多包涵,亦冀盼不會影響已扎根於大家心中的那份情誼。

工作的轉變:要成為稱職的行政人員·要有廣闊的人脈網絡·看清局勢的視野·剛柔並濟的人事管理、適當分配工作給同事並加以適當的監督·還要有一股氣牆……一向習慣處理臨床工作的我·這方面會繼續努力。

與其說是轉跑道,我想,同一條跑道,但要飛到不同的高度會比較貼切。有時飛得高一點,可看清整體局面;有時平飛,一起出力出汗;有時要飛低一點,貼地一些,了解箇中困難與無奈......

我很感恩身處這個偉大的團隊,只要一起努力大家必定能飛得更高更遠。

It has been more than 3.5 years since I took up my current position. In facing of all kinds of adversities, we have to stay calm and fight on. From the optimistic point of view, one will always gain something after enduring hardship, and there is always light at the end of the tunnel. When I feel helpless, there are always little angels around me who would help me through the obstacles. I am grateful to be part of this great team, as I go through this time of change.

A Change in Role: In the past, my job as a clinic supervisor was to take good care of patients, manage my subordinates, improve our workflow, boost our team morale, and reflect the limitation of resources to management, in the hope of striving for a better environment at work. Now, as a member of the management, I have to evaluate the cost-effectiveness, and allocate resources to the team that needs them the most. I have to empathise with the administrative difficulties faced by everyone who is vying for resources, and minimise the dissatisfaction of our colleagues as they face difficult situations.

A Change in Relationship: Our group of colleagues have been lifelong friends, we were selected to undergo family medicine training one after another, and we work together and support each other.

Whenever there is a mission, the group will always come forward and complete the task without any hesitation. Now, with my change in position, although I always strive to be fair in handling personnel transfers, resource allocation, and even additional work arrangements, it always feels like I can't please everyone. It is fairly normal to have different opinions at work, and most of the time, the decisions made can never meet everyone's expectations. And so, I hope you will bear with me, and I hope that such situations will not taint our friendship and bond.

A Change at Work: To be a competent administrator, one needs to be well-connected, have a clear vision to analyse situations, be assertive yet flexible at personnel management, assign work to colleagues and supervise them suitably. And, one must have an "aura" too. As I have been accustomed to handling clinical work, In this regard, I shall continue to work hard.

Rather than saying it is a runway change, it is perhaps more fitting to describe this as flying to a different altitude on the same runway. Sometimes, we need to fly a little higher, to get a bird's eye view of the whole situation. Sometimes, we need to fly close to each other, and brave the winds together. Sometimes, we have to fly a little lower, closer to the ground, to understand the difficulties and helplessness from the ground up.

I am very grateful to be in this great team, as long as we work hard together, we will be able to fly higher, and go further.

護十團隊-2021年

護士團隊-2022年

護士團隊

PDOAS最初成立時只有數位護士,而護士職系 同事及有關護理事宜是由公共衞生護理科的高級 護士長(3)兼顧。隨著擴展的新服務及新診所相繼 落成,護士人數不斷增加,因而極需要一位「全 職」高級護士長。2019年5月高級護士長(家庭醫 學)終於誕生,全身投入PDQAS,管理護士職系同 事、臨床護理服務及新服務發展。

2020年3月,「簡易配」覆配藥物先導計劃開始推 9月,香港公務員綜合健康中心正式投入服務。當 時已增至十十多位護士同事。另外,為應付檢疫 中心醫療站的人手需求,近兩年亦有不少全職及 兼職合約護士加入。現時共有百多位護士同事在 PDQAS工作。

隨著服務不斷擴展,未來陸續再有新的診所,相 信PDOAS大家庭會繼續擴展,不斷有新力軍加 入,以預備未來服務及人手需求,而透過相應的 專業培訓,定可為病人提供更全面和優質的服

過去兩年多,第一仟高級護十長蔡少姬姑娘盡心 竭力帶領我們,走過一段艱辛的抗疫之路,成績 有目共睹。年多前,我加入PDQAS工作,其後 升任至這個職位,可幸得到一班精明能幹同事的 支持和協助,我會繼續努力迎接未來的挑戰。其 實,作為PDQAS的護士,工作上可能會遇到不 少挑戰,但大家都能同心協力迎難而上,在挑 戰中成長。藉此,感謝舊同事一路以來的努力和 付出,亦歡迎新同事加入我們的大家庭,希望大 two years. At present, there are more than 100 家繼績齊心合力展望將來,迎接未來的發展和機 nurses working in PDQAS. 遇。

> 高級護士長(家庭醫學) 魏嘉茵姑娘

Nurse Team

When PDQAS first established, it only had a few nurses. And nursing staff were supervised by Senior Nursing Officer ("SNO") of the Public Health Nursing Division. As services continue to expand with more new services and clinics, the number of nursing colleagues working at PDQAS continued to grow, resulting in a strong need for a full-time SNO. In May 2019, the first SNO (Family Medicine) ("FM") dedicated to PDQAS finally took charge, managing our nursing colleagues, clinical care services, and the development of new services.

In March 2020, Stable Drug Use ("SDU" Pilot Programme was launched. At the same time, the Integrated Care Programme was also launched. In September 2021, The Hong Kong Integrated Care Centre for Civil Service ("HKICC") commenced service. As of today, there are more than 70 nurses. In addition, to meet the staffing demands of the quarantine centres medical post, many full-time and parttime contract nurses have joined us in the past

With the continuous expansion of our services and the opening of new Families Clinics in the future, I believe that the PDQAS family will continue to expand and welcome new recruits to join us. And through continuous professional training, I am certain we will be able to provide comprehensive and quality services to our patients.

Over the past two years, our first SNO(FM), Ms Adelaid Choi has led us through a challenging iourney in the fight against the epidemic, and her achievements are evident. I joined PDQAS more than a year ago and took over this role. I am fortunate to have the support and assistance from a team of smart and capable colleagues, and I will continue to work hard to meet the challenges ahead. We may encounter many challenges in our work as a nurse in PDQAS, but we can work together to overcome such challenges and grow through them. I would like to take this opportunity to thank our older colleagues for their hard work and dedication, and welcome the newcomers for joining our family. I hope we can continue to work together as we look ahead to the future, and welcome the upcoming development and opportunities.

> Senior Nursing Officer (Family Medicine) Ms NGAl Ka Yan, Karen

HKICC開幕禮合照

HKICC 外觀

香港公務員綜合健康中心

2021年9月29日香港公務員綜合健康中心("HKICC")正式 開業啦!

位於中環九如坊(舊址是「九如坊戲院」),座落於1953年落成的中區健康院,這座位於「舊城中環」的3層高建築物非常富有歷史建築風格,有五十年代的建築風味,算是少數在市區作為醫學用途的舊式建築。

HKICC是提供全面的糖尿病護理,由護士配合其他專業醫療 團隊成員(包括醫生、物理治療師、營養師、藥劑師、臨床心 理學家及視光師等),在常規的醫生診症以外,提供護士帶領 的專業服務。

我們會根據「糖尿病併發症檢測」的結果,將患者分配至不同的風險組別,並按其臨床需要制訂合適的護理計劃及安排 跟進。

有趣的是不少人包括第一次到來登記的及再次會面的,都是有備行程而來。有的會順道享受美食,有的會帶著大包小包的血拼戰利品,有的會去文青Café打卡,有的會帶同攝影器材、太陽帽、行山杖似戶外郊遊,行程包括附近PMQ、大館、孫中山紀念館(前身-甘堂第)及步行登上山頂。

在第四波及第五波疫症爆發期間·HKICC員工曾經調派到不同崗位協助抗疫·疫情緩和後我們都快速再次投入服務·希望未來我們這間「小小」的健康中心能為減少病人出現糖尿併發症方面作出「大大」的貢獻。

護士長 盧潔崙姑娘

Hong Kong Integrated Care Centre for Civil Service

The Hong Kong Integrated Care Centre for Civil Service ("HKICC") opened on September 29, 2021!

We are located in Central District Health Centre at Kau U Fong, Central (at the site where Kau Yue Fong Theatre was formerly located), which was completed in 1953. This 3-storey historic building in "Old Town Central" has a 1950s architectural style, and is one of the few oldstyle architectures used for medical purposes in the city.

We provide comprehensive diabetes care with nurses working with other members of the professional team (including doctors, physiotherapists, dietitians, pharmacists, clinical psychologists, and optometrists) to provide care led by nurses, on top of the regular consultations with doctors.

We assign patients to different risk groups based on the results of the Screening for Diabetes Complications, and formulate appropriate care plans and follow-up arrangements according to their clinical needs.

Interestingly, many of them, including firsttime registrants or follow up visitors enjoy the food in the vicinity, bring along shopping bags prepared to fill with their purchases in town, while some will visit a café nearby, or others bring along their camera, hat, and walking stick, for an itinerary that includes the nearby PMQ, Tai Kwun, and the Dr Sun Yat-sen Museum (formerly known as Kom Tong Hall) and taking a hike to the peak.

During the fourth and fifth waves of the epidemic, HKICC staff were deployed to different positions to help combat the epidemic, and we resumed to our roles quickly once the situation eased. And we hope that in the future, our small and humble health centre will make great contributions to reducing diabetes complications among our patients.

Nursing Officer Ms LO Kit Lun, Brenda

「簡易配」覆配藥物先導計劃

鑑於慢性病患者人數持續增加,於2020年3月在 九龍公務員診所展開「簡易配」覆配藥物先導計 劃。計劃由藥劑師主導,以病人為本,除提供醫 生診治,還加入跨專業團隊(下稱: "團隊") , 為病情穩定的慢性病患者(包括高血壓、高血 脂、哮喘、甲狀腺功能不足及過敏性鼻炎等病 者)作定期跟進。

劑師主力於指導病人正確用藥方法,提醒病人依 狀,評估病人會否出現藥物與食物相互影響的不 良反應,更重要的是解答病人的查詢,增加病人 對醫療的信任。另一方面,護士會為病者提供健 ,並建議及跟進健康的生活模式及飲食習 慣。如有需要,會轉介予營養師提供適時及適當 的營養治療。

團隊除為病者提供藥物及護理兩方面 更幫助病者減低需要的醫牛應診次數。計劃的推 行對於病人服務是更進一大步。

由於疫情關係, 更多人手需被調配參與前線抗疫 工作,令團隊工作百上加斤,但在團隊的努力和 病人的諒解下,工作仍是侃侃而行,續見成績

期望不久將來計劃能擴展至其他診所,為更多病 人提供更佳的醫療服務。

> 藥劑師 伍嘉欣女士

Stable Drug Use Pilot **Programme**

In response to the increasing number of patients with chronic diseases, the Stable Drug Use Pilot Programme was launched at the Kowloon Families Clinic in March 2020. The programme is pharmacist-led and patientcentred. In addition to providing doctor consultations, the programme also includes a multi-disciplinary team ("the Team") that provides regular follow-up for patients with stable chronic conditions (including hypertension, hyperlipidemia, asthma, hypothyroidism, and allergic rhinitis).

The team consists of a pharmacist, a nurse and a dietitian. Appointments are provided after the doctor's consultation until the next follow-up visit. Pharmacists focus on instructing patients on the proper use of medications, reminding them of the importance of taking medications on time, explaining common side effects and drug allergies, assessing patients for drug food interaction, and more importantly, answering queries regarding medications,

to instil patients' trust. Meanwhile, nurses but also helps patients in reducing the number provide health assessments to patients, of visits to the doctor. The programme is a make recommendations and follow up on major step forward to better serve our patients. their healthy lifestyles. If needed, patients will be referred to meet with a dietitian, who Due to the epidemic, many of our staff had to will provide timely and appropriate dietetic be deployed to the front line to combat the counseling.

to the patients in terms of medication and nursing care, but also cares for the patients psychologically, often alleviating the patients' worries about their conditions through Clinics in the near future, to provide better consultations. Since service commences, the medical services to more patients. team has served more than 700 patients, who have volunteered to join the programme. The close interaction between the patients and the team not only strengthens their relationship,

epidemic, and this made the team's workload even heavier. However, with the team's efforts The team not only provides better support and understanding of our patients, we were able to carry out our work smoothly, and we have seen the fruit of our hard work. We hope to expand the programme to other Families

> **Pharmacist** Ms NG Ka Yan

「簡易配」覆配藥物先導計劃」

「簡易配」覆配藥物先導計劃

藥房服務

香港公務員診所藥房除了服務公務員診所,還有 為牙科、社會衞生科及家庭健康服務提供配藥服 務。把藥物準確地交到病人手上,指導病人如何 正確使用,明白藥物的副作用和儲存方法,為藥 劑師及配藥員重要的工作之一。

藥房藥物的種類繁多,包括:□服、吸劑、 藥物的串法或讀音極其相似,容易混淆。還有 重複核對"劑量"也甚為重要,工作時要高度集 中,減少交談,以免分心。

病人有時會提出各樣與藥物有關的查詢,例如: 來源地、生產商、副作用等, 甚或要求索取較遠 有效期的藥物。以為愈遠期的藥物愈「新鮮」, 藥物愈有效用。除此,亦有病人對換新裝藥物的 效用存疑,要求換回舊款藥物。我們須具備「高 EQ」,秉持專業精神耐心地解說清楚,始能釋去 其疑慮。因此,從事此行業不可單純視作為一份 工作,必須對病人有同理心。縱然工作上會有苦 的時候,但病人一句簡單的「謝謝你」頓時令我 們甜在心頭。

另一方面,配藥系統PIDS經過了三至四年時間的 試用及不斷改進後,自2018年1月開始正式使用, 取代舊有的CIS & CDS系統。醫生操作的CIMS2系 統可聯繫藥房的PIDS系統,是一大躍進。配藥員

52

可清楚閱讀電子藥單,排除以往因手寫藥單而出 錯的風險,亦大大提升藥房的工作效率。

> 香港公務員診所藥房配藥員 黃永雄先生

Dispensary Services

The dispensary at The Hong Kong Families Clinic dispenses drugs for families clinic, as well as Dental Service, Social Hygiene Service, and Family Health Service. Some of the important role of pharmacists and dispensers are to deliver drug to patients accurately, and to instruct patients on proper use, side effects and storage methods.

There are a wide variety of drugs in various forms, including oral, inhalers, sprays, topical and ointments, etc. in the dispensary. We need to be accurate when dispensing drug. To achieve zero error, we must check the name of each drug meticulously, because the spelling or pronunciation of some drugs are similar and be mix-ups. It is also important to doublecheck the dosage dispensed. High level of concentrations required at work, conversations

avoid distractions.

"fresher" and the more effective. In addition, greatly improving the pharmacy's efficiency. some patients also question the efficacy when there is new packaging, and may insist on exchanging for those in old packaging. We must maintain a high EQ, to be patient and professional to explain and to allay their concerns. Therefore, being in this profession we have to have empathy which go beyond the job description. Even though our work can be demanding, a simple "thank you" from a patient can brighten our day.

Meanwhile, after three to four years of trial and continuous enhancement, the Pharmaceutical Inventory and Dispensary System ("PIDS") medication dispensing system has been in use since January 2018, replacing the old Clinic

among colleagues are kept to a minimum to Inventory System ("CIS") & Clinic Dispensing System ("CDS") systems. The Clinical Information Management System ("CIMS") Sometimes, patients ask questions related to operated by doctors can now be linked to drugs such as the origin, the manufacturer, the pharmacy's PIDS system, marking a major side effects, etc., and some requests drugs leap forward. Dispensers can now read the with longer expiration dates. Some believe electronic prescriptions, eliminating the risk of that the more distant the expiration date, the errors due to handwritten prescriptions, thus

香港公務員診所藥房團隊

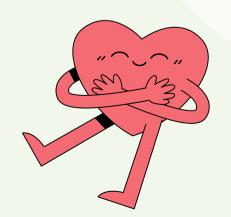

心理諮詢服務

「心」小志大——心理諮詢服務的發展

2016年3月8日·PDQAS設立心理諮詢服務·臨床心理學家(CP)在公務員診所駐診·經醫生的轉介·為有需要的人士提供心理諮詢及輔導。常見的原因包括:學習建立健康的睡眠習慣、放鬆減壓方法、情緒管理、積極面對逆境或轉變、改善溝通及人際關係等。同時CP亦透過診所舉行的講座及工作坊·推廣心理健康。心理諮詢服務團隊亦致力培訓工作,包括為部門提供心理學相關的培訓·以及為本港臨床心理學研究生提供臨床實習督導·至今已參與培訓了十多位現職CP。團隊亦積極探索資訊科技應用於優化服務。

「心」路歷程——心理諮詢服務歷史回顧

- 2016 心理諮詢服務成立
- **2018** 擴闊服務對象至兒童·為有需要兒童及家庭 在輪候專科服務的期間提供情緒支援
- 2019 引入虛擬實境科技應用於焦慮症治療
- **2020** 舉辦第一次網上工作坊·向抗疫人員推廣疫情下的自我關顧
 - 試行遠程心理諮詢服務
- 2021 HKICC協助糖尿病患者提昇自理的技巧
- 2022 增設短訊約期提示服務
 - CP參與抗疫工作支援醫學監測隊伍·提高同事應對技巧·協助支援檢疫人士的情緒需要

「心」聞趣事——心理學家的趣聞分享

- 服務成立當初只有一位CP走遍港九新界六間診所, 因每天都在不同診所工作,該同事曾笑說每天起床 都要想一想「今天在哪兒上班呢?」
- 新冠疫情前·CP不穿白袍應診·目的除了避免「白袍效應」引致來診者不必要的緊張感外·也免卻了被稱為「心理醫生」或以為CP會處方藥物或病假的誤會。
- 臨床心理學研究生實習期間的其中一項功課,就 是在督導下為《基層醫療通訊》(Primary Care Newsletter, PCN) 撰寫心理健康推廣的文章,負責 PCN的陳醫生最開心知道有trainee,因代表又有新 投稿了。

「心」懷感恩——總結

心理諮詢服務在短短六年間迅速發展,全賴PDQAS 全體上下不同職系同事携手合作,在此向大家衷心致 謝!祝願大家身心康泰,生活愉快!

> 臨床心理學家 陳佳宜女士

Psychological Counselling Services

<u>Small Division, Big Ambitions - The Development of Psychological Counselling Services</u>

PDQAS established its Psychological Counselling Service on March 8, 2016, where Clinical Psychologists (CP) are stationed at Families Clinics to provide psychological counselling to those in need upon doctor's referral. Common needs of our patients include: healthy sleep habits, relaxation techniques, emotion management,

positive coping with adversity or change, and effective communication. Our CP also promotes mental health through conducting health talks and workshops regularly. The Psychological Counselling service team is also committed to training, including staff training for the Department, as well as clinical internship supervision for local clinical psychology postgraduates. To date, the team has been involved in the training of more than ten practising CP. The team actively explores the possibility of applying information technology for service enhancement.

<u>History of Psychological Counselling Service</u>

- **2016** Psychological Counselling Service was established.
- Expanded service target to children to provide emotional support to children and families in need while awaiting for specialist services.
- **2019** Introduced virtual reality technology for anxiety treatment.
- Conducted the first online workshop for DH healthcare workers, to promote self-care amidst the pandemic.
 - Pilot on tele-psychological counselling service.
- To help diabetic patients improve their self-care skills in HKICC.
- SMS reminders on appointments.
 - CP participated in the medical surveillance support team, provided staff training to handle enquiries, and helped support the emotional needs of persons under quarantine.

Anecdotes from CP

- When the service was first established, there was only one CP who had to travel to all six clinics across Hong Kong. She had to work in a different clinic every day, she once chuckled to say "Where do I work today?" She wonder when she woke up in the morning.
- Before the COVID-19 pandemic, CPs do not wear white gowns to avoid the "white coat effect", which causes unnecessary stress among patients, and to avoid the misunderstanding of being called "psychiatrists", where patients would misinterpret that CPs would prescribe drugs or issue sick leave.
- One of the assignments of the Clinical Psychology graduate students during their internship is to write an article on mental health promotion for the Primary Care Newsletter ("PCN"). Dr Chan, who is in charge of PCN, is always thrilled to know when there are new trainees, because it means there would be new submissions to the newsletter.

Gratitude from the Heart: A Summary

The rapid development of Psychological Counselling Services over six years is made possible by the cooperation of all my fellow PDQAS colleagues. I would like to take this opportunity to express my sincere thanks to everyone. Wishing you good health and happiness always!

Clinical Psychologist Ms CHAN Kai Yi

物理治療服務

PDQAS物理治療工作日誌

病人(甲)

物理治療師(師)

PDQAS物理治療服務倡導「預防勝於治療」的服 務理念

日期: 2022年某月某日

甲:這是我第一次在這裡接受物理治療,原來公 務員診所也設有此服務。

師:是的·PDQAS物理治療服務開展至今約有三年。

甲:這裡的設施跟公立醫院或私家診所的物理治療室不同。

師:是的,我們的服務主要是推廣健康,提昇你們的身體活動能耐,改善及加強日常生活或工作能力,提高生活質素等。

甲:沒有特別設備也可以幫助我改善我的身體情況嗎?

師:儀器治療是物理治療的方式之一,其實還有 其他不同方式,例如運動治療等,請不用擔心。

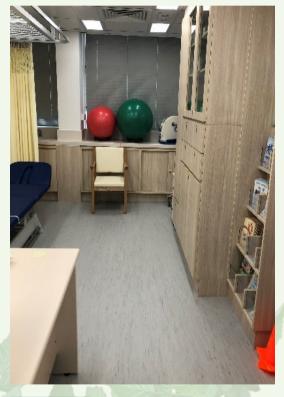

甲:我一向都較少做運動的,恐怕我未必能夠做好。

師:透過評估,我會跟你共同找出適合你的治療方法,例如適合你在工作環境中練習的運動,建 議你一些自我應對的技巧和如何實踐健康生活模 式等。我們重視疾病預防,比患病後才治療更有 成本效益。

甲:哦,我同意,自己的努力致為重要。

師:好·那現在我先解釋一下今天你將要做的五個體能測試......

Physiotherapy Service

PDQAS Physiotherapy Workday Diary
Patient (A)
Physiotherapist (PT)

PDQAS Physiotherapy Service promotes the concept of "prevention is better than cure"

Date: A day in 2022

A: This is the first time I receive physiotherapy here. I did not know that this service was offered at the Families Clinic.

PT: Yes, it has been 3 years since we started offering Physiotherapy Service.

A: The facilities here are different from the physiotherapy rooms in public hospitals or private clinics.

PT: Yes, we aim at promoting health, improving physical activity capacity, enhancing your ability to perform daily activities or work and improving quality of life, and so on.

A: Can you help improve my physical condition without the use of special equipment?

PT: The use of special equipment is one of the forms of physiotherapy. There are other approaches we can use, such as exercise therapy, so please don't worry. A: I do not exercise much, I am afraid I may not be able to do it well.

PT: Through assessment, I will work with you to find out the appropriate treatment for you, such as exercises suitable in your work environment. I will also recommend some coping skills and ways to maintain a healthy lifestyle. We emphasised on disease prevention rather than treatment.

A: Oh, I agree, our own hard work is the most important.

PT: Okay, now let me explain the five physical assessments you are going to work on today...

Physiotherapist Ms LAM Wah Fung, Margaret

物理治療小貼士

中午時段·我常見到在診所附近的遊樂場集合了數位踢足毽「健兒」·不論季節(在社交距離放寬下)·在樹蔭下踢得滿頭大汗·卻又不亦樂乎。我喜見和佩服他們的恆心。

常常有人問,做哪類運動最好?游泳是不是最好的運動?我認為無論從消閒和興趣的角度,或以健身的角度,甚至在物理治療效果而言,並沒有單純「最好」的,而是在於是否較合適病人的健康需要和體能,較少受日常事務及環境而影響做不到,病人較喜歡、較容易掌握技巧和可以令其接受的運動,從而養成恆常運動的好習慣。

游泳是全身活動的運動‧利用水的各種特性‧既能有助保持 關節靈活‧又可強化肌肉和鍛煉耐力‧而且在悶熱的天氣下 暢泳‧消消暑‧的確是個好選擇;但若過度練習‧或泳姿錯 誤‧又或只側重單一的活動‧卻也有機會引致勞損。再者‧ 難度踢足毽對身體無益嗎!當然不是‧各種運動自有其益處 和樂趣‧只要正確和適當練習‧不分優、劣。

希望專業發展及質素保證服務的物理治療服務能為大眾提供 全面的預防性護理和疾病治療。

營養輔導服務

2013年診所增設營養輔導服務,由營養師提供膳 食診治服務。

患慢性疾病的個案日益增長已是全球趨勢,持續 保持健康飲食及理想體重能有助減低多種常見疾 病的病發率及死亡率。有見及此,診所推行一些 跨專業健康管理項目,當中包括為長期病患者提 估、醫療支援及體重管理計劃等,而營養輔導服 務更是以上新項目涵蓋的重要一環。

除了營養飲食輔導服務,營養師亦參與其他膳食 培訓及推廣工作,例如曾為公務員培訓處開辦營 養講座、為衞生署營養師團隊及醫護同事提供持 續進修教育、為在囚人士的餐單提供意見及向 《基層健康通訊》撰稿等。

2019冠狀病毒病疫情期間, 衞生署動員各服務 單位,不論職級,都全心全力投入抗疫工作。營 養師們亦調派至支援檢疫中心醫療站的工作,於 醫學監察支援隊中擔任協調及遙距健康評估的角 色,服務在檢疫中心的受檢疫人士。

58

Dietetic Service

Since 2013, dietitians have been providing dietetic service in clinics.

The increase in chronic diseases is a global trend, and maintaining a healthy diet and ideal body weight can help reduce the incidence and mortality of many common diseases. In view of this, clinic has launched a series of multidisciplinary health management programmes, including a drug refill scheme for patients with chronic diseases, as well as health assessment, medical support and weight management programme for diabetic patients. Our dietetic service is an important part of the above new health management programmes.

Apart from dietetic service, our dietitians are also involved in other dietary training and promotion work, such as conducting nutrition seminars for the Civil Service Training and Development Institute, providing continuing education for dietitian teams and healthcare 營養師 workers from DH, providing feedback on 梁素顏女士 menus for persons in custody, and contributing to the Primary Care Newsletter.

the COVID-19 epidemic, the Durina Department mobilised all its service units, regardless of rank, to be fully engaged in the combat against the epidemic. Our dietitians were also deployed to support the medical posts in quarantine centres, playing a role in the coordination and remote health assessment for persons under quarantine in the medical surveillance support team.

血糖控制/體重控制小冊子

視光服務

自2001年起開始,家庭醫學深造培訓中心提供視 網膜攝影服務,接受公務員診所、長者健康服務 及區內的醫生轉介,為糖尿病患者拍攝視網膜照 片(俗稱"眼底相"),及早偵測糖尿病併發症之 一的視網膜病變。在過去5年,每年平均可提供约 9,000張照片,造福糖尿病患者。2020年推行的 糖尿病綜合治療計劃,引入不同專業界別的醫護 團隊,當中尚包括加入視光師以提升視光服務 至2021,於香港公務員綜合健康中心提供視光服 務。

視光服務的主要對象是糖尿病患者,為他們作眼 睛檢查、評估視力、以及拍攝視網膜照片。視光 師為他們拍攝視網膜照片後,會進行初步評估及 分流報告,讓醫生能優先為有潛在風險的照片作 進一步評估。如發現早期病變徵兆(俗稱"糖尿上 眼"),會交由醫生跟進,加緊血糖的控制可預防 演變至嚴重程度。如果檢查顯示有嚴重眼疾亦會 按緊急程度,適時作出轉介至眼科,讓患者盡快 得到適當的治療。除此之外,視光師也會按情況 進行其他測試,如檢查視力和眼睛外部健康,並 提供相關保護眼睛的建議。

Optometry Service

Education and Training Centre in Family Medicine has been providing retinal photography services since 2001, in accepting referrals from families clinic, DH's Elderly Health Service, and doctors in the district, to take retinal photographs of diabetic patients for early detection of retinopathy, which is one of the complications of diabetes. In the past five years, the service has provided an average of 9,000 photographs annually, contributing to the well-being of diabetic patients. In 2020, the Integrated Care Programme was launched. This included optometrists, who helped to enhance the existing optometric service. By 2021, HKICC also began offering optometry services.

Diabetic patients are our main service targets. We provide eye examinations, vision assessments, and retinal photography service to them. The optometrists have taken the patients' retinal photographs, they conduct a preliminary assessment and triage of report, so that doctors can prioritise patients for further assessment. If early signs of disease 周卓峰先生 are detected (commonly known as "diabetic eye disease"), patients will be referred to the doctor for follow-up, and tighter glucose control can prevent progression of disease. If the examination reveals severe eye diseases, a timely referral will be made

to the ophthalmologist based on the degree of urgency, so that the patient can receive appropriate treatment as early as possible. In addition, the optometrist will also perform other tests as appropriate, such as vision and external eye examination, and provide recommendations on eye protection.

漫長的過山車歷程

四方八面應對新冠疫情的努力,霎眼已超過兩年半。緊守於不同崗位的同事,想必各有一番滋味在心頭。作為協調分配醫生人手的一員,讓我也和各位分享一下各種點滴:

2020年農曆新年之前,疫情來勢急,檢疫人數 急促上升,檢疫中心愈開愈多,當值醫生數目也 相應增加。除了動員自己服務單位的同事外,也 須向總部要求增援。由於各防疫抗疫單位都急需 人手,能夠借調到檢疫中心醫療站的外援往往供 不應求。在人手緊絀的情況下,幸得同事諒解, 每人多走一步,盡力把工作完成。他們的仗義幫 忙,無私奉獻,我感到無比感恩。

每一次疫情趨向緩和時,總期盼着任務即將完成,各同事可以重回原本崗位工作,大家重過正常社交生活.....然而每次的盼望都被殘酷的現實衝擊,稍稍放鬆的心情,轉瞬間又要重回備戰狀態。剛剛才把借調來的同事歸還,頃刻間又要重

新借將......那股無限輪迴的忐忑心情,委實有點無奈。

借調到檢疫中心醫療站的同事遲遲未能回歸,他們和他們的家人摯友所感受的壓力有多大,實在不難想像;與此同時,留守在診所當值同事的工作量和負擔,也絕對不能小覷。他們需要從醫療紀錄評估每位病人,安排合適的免診取藥。病情不穩定的、拒絕免診取藥的,他們會逐一跟進。這些病人中,總會夾雜着一些新冠患者,同事對感染的風險亦有所關注。在各診所奮鬥的同事們"無償"的付出,我感到敬佩,也帶點歉咎。

時至今天,大部份的同事已回到原來的單位工作。檢疫中心醫療站的工作,主要由全職及兼職 合約醫生提供。不過,由於疫情仍然反覆,同事 仍需在有需要時,輪流到檢疫中心醫療站當值。 每次我鳴笛求援,各診所都迅速積極回應,我為 這個優秀團隊感到驕傲。

希望過山車快點到站,大家平安落車。

家庭醫學顧問醫生 吳國強醫生

鯉魚門公園度假村/麥理浩夫人度假村

第1間檢疫中心麥理浩夫人度假村於2020年1月23 日啟用。隨後, 鯉魚門檢疫中心於2020年1月25 日至2022年2月期間屢次運作。

2020年農曆新年前夕,我和同事於診所內吃着飯盒,討論新冠疫情。當時人人都擔心新年假期前後,香港的情況或會有所變化。大家警覺要準備。事實證明,我們有「預知能力」,其實是累積的抗疫經驗。

抗疫工作中,多樣事情我也有參與,最為密切的 當是鯉魚門檢疫中心醫療站。不論汗水、腦筋、 精神,或腳力都是留下最多。

談腳力,先介紹中心地勢。根據康文署網站的介紹,「度假營四周遍植樹木,空氣清新,景致恒人。度假營內的仿二十世紀初歐洲式建築物極具特色……等分布於山坡上不同位置」。會有一刻,中色,正值春天,花開遍佈,會有一刻,由己正身處疫情之中。但因為它依如,由一个人工人,自己雙腳。初期,當檢疫三五一十十分,也以一樣,相差的只是我們不需指南針,我們不需指南針,我們不需指南針,我們不會人工人有攻頂。穿上一身保護衣,去到山頂,間接過過一樣,相差的只是我們不需指南針,我們不會人工人有攻頂。穿上一身保護衣,便開始每間房間找所屬人士,為他們做檢測。回想起來,汗珠好像再一次又從頭頂流向眉心。

動腦筋方面,我提出把醫療站與應診區分開,只要不和檢疫人士同一場所,我們大可卸下保護衣。這一點想法,亦成為MSST的前身。

麥理浩夫人度假村檢疫中心醫療站團隊

鯉魚門檢疫中心醫療(

之後,短時間內,檢疫中心三百多個獨立單位, 連冷氣機, 厠所, 家具都一應俱全, 為之壯觀。

此外,我也負責帶領新同事認識醫療站的運作。 在這兩年間,有二百多位熱心的同事及十多位私 家醫生在到醫療站效力之前,都參加了我們安排 的簡報會。以熟習保護衣的穿著及卸除,以及是 給他們良好的心理準備,以面對工作壓力。可幸 大家都不負眾望,順利把所有難題——擊破。

鯉魚門公園及度假村已重新對外開放。願香港也 由緊張的狀況從回百花齊放的旅遊之都。

> 鯉魚門檢疫中心醫療站高級醫生主管 劉健生醫生

曾經歷過豬流感,禽流感及中東沙士,以是次疫情最為 嚴峻。鯉魚門公園檢疫中心運作了多個時段。雖然現已 關閉,但期間之心路歷程,實令人十分回味。在檢疫中 心内工作之同事,不論是民安隊,醫療輔助隊,康文 署,外判清潔公司同事及衞生署所有同事(包括來自其 他工作部門而被調派至檢疫中心工作之醫生,護十,文 員及清潔工友),由最初啟用時感覺陌生,到後期互有 默契,大家均可坦誠地相討各人所面對之難題及解決方 法,以致中心內之工作能事半功倍,順利完成。在此特 別感激劉醫生及彭護士長之領導,與大家同心協力,不 分書夜,與我們一起抗疫,令團隊精神發揮得淋漓盡 致。

柴灣公務員診所 鄧敬嫦姑娘

檢疫中心的工作點滴

我訪問了兩位工人,讓大家了解疫情下她們的工作。

原本服務於學生健康服務中心的工人芬姐於疫情初便被 調派往檢疫中心。她每日早上要為檢疫中心的醫護同事 準備制服,徹底清潔「污染區」,協助運送樣本到化驗 中心,午餐時間她也為醫護人員打點飯盒,送上簡單一 句問候,為前線的同事們打氣。在抗疫上,默默付出。 支持同路人走下去。除了繁重的工作,芬姐在疫情初, 亦擔心傳染家人,因此身心壓力倍增,她坦言家人的理 解最重要,有了家人不時的鼓勵,才令她可以安心工 作。

另一位工人Annie,本來服務於公務員診所,亦被調派 至檢疫中心。Annie表示勞動工作比較多,場地面積 大,每日需要多次徒步來回不同區域,夏天穿着悶熱的 保護衣,工作不到一小時後已經被汗水濕透。令她最難 忘的是,由於麥理浩夫人度假村依山而建,來回「乾淨 區」、「污染區」清潔時經常有「跑山頭」的感覺。有 一次冒着惡劣天氣,提着清潔工具奔走,全身都被雨水 淋濕了。她尤其感激當日暴雨天跟她一起工作的醫生、 護士、藥房同事、文員配合,工作才得以順利完成,因 此深深感受到前線抗疫團隊的專業精神。

兩位同事都全心投入工作, 感謝她們的分享, 期待在抗 疫這條船上,所有人都能共同度過每一道難關。

受訪者: 羅清芬(芬姐), 黃怡安(Annie) 筆錄: 劉虹薇姑娘

鯉魚門檢疫中心醫療站團隊

駿洋邨

2020年2月20日至9月期間, 駿洋邨各座分階段借 用為檢疫中心。

春去秋來,花開花落。我曾在檢疫中心醫療站工 經歷,最為難忘。

駿洋邨醫療站2,其實借用二座地下一個未完工的 院舍設施。我們的室內設計師,匠心獨運,就地 取材,用未經修飾的灰色水泥牆壁、加上凹凸不 平的地板,打造成一間充滿後現代工業風格的工 作間。不過,由於不宜安裝空調,當時又正值炎 夏,同事們工作時,動輒汗流浹背。

為了豐富檢疫中心的歷史紀錄,有幾件物事,不 得不提。記得有次管理層探訪,好奇一問,為何 醫療站會出現一群塑膠小鴨子。答案是——方 便溝通。由於樓底高、又有牆壁阻隔,在Clean 作·服務過不同的檢疫中心·當中尤以駿洋邨的 zone 及Dirty zone 工作的同事·有時想與對方溝 通,都有一定困難,特別是當大家都專注於工作 時。有心思的同事,帶來家裏泡泡浴的小鴨子, 只要用力擠壓小鴨子, 高頻的吱吱叫聲, 就容易 引起在不同Zone工作的同事注意,溝通就便利 了。抗疫不忘扮靚,扮靚又不忘小鴨子。如果大 家細心留意,就會發覺小鴨子的睫毛,也經過同 事悉心護理。

管理層到訪增添醫療站同事十氣

駿洋邨的小鴨子

「菇慈袋」

在檢疫中心工作,少不了穿戴保護裝備,而保護、採摘成熟的果子何其相似,於是上樓做問卷,就 衣是沒有口袋的,上樓工作時,如果需要帶備。借用了「摘十多啤梨」為行動代號,希望能誘過 筆、文件、或印章,就會非常不便。具心思的醫 轉換想法,以鬆弛同事們崩緊的工作情緒。及後 療輔助隊同事,借鏡法國時裝設計大師的靈感,「摘十多啤梨」等如做問卷的概念,不逕而走, 用裝Face shield的膠袋,加上捆綁保護衣的藍色 實屬始料不及。 帶子, DIY了一個「菇慈」斜視袋, 款式簡約新 穎,盡裝所需隨身細小物件。物盡其用,方便又「快快幫手,有人需要急救……」,同事就趕 衛牛。

進入檢疫中心的人十,有不少是海外抵港,往往 就在檢疫中心發生。一輪驚喜、一番溫情,就為 是一整個航班到達,就轉送檢疫中心。有時一個 同事的生日,送上满满的祝福。 晚上,可以數以百計的人同時入住。當時醫護同 事會接見每位檢疫人士,一方面人數眾多、另一 「艱險我奮進,困乏我多情。」感謝當時一起工 方面又想盡快完成問卷,以取得所需資料,所以一作的所有同事,難忘大家的勇氣、靈巧及相互的 會有一定壓力。有同事曾去澳洲工作假期而到果 扶持。 園丁作,採摘十多啤梨,覺得問卷丁作,跟果園

忙跑進職員休息間,不料迎上來的,是Happy birthday的生日歌。此刻,電影、電視的橋段,

駿洋邨2座檢疫中心醫療站高級醫生主管 何金惠醫生

駿洋邨檢疫中心醫療站

駿洋邨檢疫中心醫療站團隊

檢疫中心抗疫小記

2020年2月,顧問醫生給我一通電話:「Leo. 輪到你 啦!」這就讓我擁有翻天覆地的體驗。在駿洋邨,我們 要在最短的時間內設置醫療站,直不知從何入手。首 先,我們將其中一層設成有臨床工作區及員工預備區的 醫療站,出入口要為感染控制考慮而「精心」策劃。

此外,亦牽涉到尚無水電供應的空間轉變成一個醫療 站,由於時間非常緊拙,讓我見識到建築工程人員「閃 電級」的工作效率,真的打從心底裡說聲佩服。隨著駿 洋邨内一座又一座開始運作,我們的挑戰也一波接一波 的出現。除了工作量大, 印象最深草渦於在炎炎夏日中 穿著保護衣「上樓」探視檢疫人十,同事的制服都被汗 水濕透而由淺藍變深藍。當中最令我們關注的便是醫療 緊急事故的處理及支援,所以在指揮官統籌及協調下, 我們進行了多次的誇部門協商討論和演習。一年半的歷 練讓我開眼界,學了很多新的事物及認識很多新的朋 友。回想起來,很感激自己的上司、同事、朋友和家人 的支持、包容和諒解,亦盼望疫情能早日完結,好讓我 們所有人都能回復沒有疫情的生活。

> 駿洋邨1至5座檢疫中心醫療站高級醫生主管 汀志宏醫生

入行30多年的我,形容自己是藥物的最後「把關者」。謹慎、細心 和愛心是配藥員的必備條件。驀然回首,在三間公務員診所任職超過 10年。PDOAS的配藥員同事需輸流到多所檢疫中心醫療站工作。駿 洋邨是沒有空調設備的、在檢疫中心裡工作、長時間配戴密不透風 N95口罩,使人诱不過氣,耳朵也變得紅腫赤痛;侷促的保護衣使人 這種惡劣環境下,我們更要加倍小心及高度集中精神工作。基於檢疫 中心內沒有正規藥房,藥物種類不多之故,我們有時需要聯絡支援 檢疫中心的PDOAS藥房,待同事備妥相關藥物後,第二天我們再親 自將藥物帶到檢疫中心配藥予病人。儘管過程頗為轉折,惟幫到病 人,也感滿足。起初,由於對COVID 19病毒認識不深,加上需要近 距離接觸受檢疫人士、曾擔心會被感染。不過、隨著接種疫苗及對 COVID 19有了深入的認識和了解後,已可用平常心面對。

檢疫中心醫療站藥房配藥員 黃永雄先生

還記得我的第一項工作,便是迎接106名「鑽石公主號」遊輪的香港 市民回港。我們只有兩天的時間去籌劃預備檢疫工作、全賴各位兄弟 姊妹層出不窮的創意,想出用派發「福袋」(檢疫資訊包)和「洗樓」 的收症方法,讓我們順利安排檢疫。在跟他們接觸的過程中,最常聽 到的便是「終於回來了,感覺踏實得多,謝謝!」。 還有後來的坐包 機回港的居民、因懷疑出現垂直傳播而需檢疫的邨民、不斷創新高的 確診人數,在感夏穿著保護衣洗樓汗流浹背差點中暑的經歷,一個個 挑戰都像在考驗我們的能力極限,幸好有一班來自不同部門,不辭勞 苦、全心全意投入工作的同事、讓我們創造出無限個可能。只要大家 一條心, 同心協力, 便沒有解決不了的事。

駿洋邨1座檢疫中心醫療站高級醫生主管 梁詩韻醫生

一直在公務員診所總務室工作的我,總覺得自己可以擔當的角色很 小、沒想到兩年多抗疫支援工作、見識了很多、也學到了很多、完全 改寫了我一直以來的想法。

記得剛剛抵達駿洋一期醫療站時,眼前就像戰地醫院,文件,電腦、 電話、印表機不像診所一樣好端端的設置好、大量來自不同地方雜亂 無章的文件堆都要處理。那一剎那間我被眼前的各種景象嚇壞了.... 但我好快就回過神來,能幫到多少就多少吧!面對雜亂無章的文件 堆,嘗試分類標記整理。各類通訊設備,就嘗試把它們接駁、設置 最後凌亂複雜的雷線整理好。有了這樣的經驗,被派往其他的檢疫中 心,我們都能沉着冷靜應對不同的緊急狀況。

還記得映灣園一千多位住客同時間需要到竹篙灣檢疫,然後又很快的 準備離開。面對大量的文件、檢測下序要準備及處理, 醫療站的 上下 每位同事都自願加班,一鼓作氣的完成所有的工作。

回想這兩年來的抗疫珍貴成果,全靠着上下每位同事默默付出,從困 難中排除萬難,尋找可行方法,努力不懈的一點一滴去達成。

檢疫中心醫療站文書助理 羅俊英先生

難忘的回憶

駿洋邨檢疫中心醫療站的牆壁和地面全是水泥,極之簡陋,只是一個 沒有間隔的"地盤"。穿著全套防護裝備,30多度大熱天時沒有冷 氣, 連風扇都吹唔到, 自然是汗流浹背, 面罩經常滴水遮擋視線; 如 果要去廁所的話,"PPE"又除又著,都非常不便。

當時一次大型的活動要算是收600多個檢疫人士的"口水樽",動員 大量人手,務求要準時送到化驗所,出發前何金惠醫生帶領全體同事 高喊□號,"駿洋一,駿洋一,駿洋好容易",當場十氣大增。然而 上樓收,還是落樓交會比較快?最後決定分丁:分別是核對身份區, 交收區以及點數區,終於在大家共同努力下完成是次任務。

第五波時,每日化驗所傳直過來一大堆確診報告,應接不暇,醫院爆 滿,我和隊友每日都想盡快做好工作,雖然大家都很累,但團隊精神 卻是有增無減,希望不論是自己或是受檢疫人士,都可以盡快平安回

檢疫中心醫療站 陳壽麗姑娘

八鄉少年警訊永久活動中心

月是八鄉明

在2020年2月中,收到緊急通知,會在元朗八鄉開 設檢疫中心,當時我心裏一沉,不禁自問八鄉在 哪裏,立時打開Google Maps尋找,終於發現香 港真的有這一個地方,並發現有一處所,名為八 鄉少年警訊永久活動中心,這就是我往後兩年經 常出入嘅地方。

大家有沒有印象有篇文章叫《桃花源記》?當我 第一次踏入這個地方時,就像文章那位漁夫一樣... 「復行數十步,豁然開朗。十地平曠,屋舍儼 然,有良田美池桑竹之屬」,加上偶然聞到鄉郊 原始清新並帶有活豬的氣味,感覺進入一個遠離 繁囂的世外桃源。經過同事們同心協力,排除萬 難,在極短的時間內,將原本是一個模擬警署的 活動場所變成為設備完善的醫療站,這一刻完全 體會到PDQAS的團體精神和快速應變的能力!

在八鄉檢疫中心工作,同事們更要克服自然環境 的挑戰,例如往返建設在山上的檢疫房間,水 浸,颱風,樹木倒塌,極端的溫度和不知名的小 動物和昆蟲,絕對稱得上鬥志鬥力,所以同事都 是十項全能的高手。

舒一□氣,仰頭一看,頓然發現漫天星斗,在異 常清澈的天空中向人們招手,立時心曠神怡,不 由地讚嘆浩物主的偉大,之後一個華麗轉身,竟 然發現了像水晶球般的月亮,在浩瀚的宇宙中, 俯瞰整個檢疫中心,像是帶給無奈的檢疫人十一 點溫暖,此情此景,至今仍然歷歷在目。

往後,八鄉檢疫中心間斷地接收來至五湖四海的 人十,當中包括不同背景,不同種族和身份的人 十,對同事來說是一種考驗,亦充分表現到團隊 的應變力,另外醫療站的配套亦不斷優化,包括 在粉嶺公務員診所增設遙距醫療支援中心,在此 真的衷心感謝各位同事們無私的付出。

記得有一次我忙了一整天,晚飯後,往空曠地方。回望過去,檢疫工作有苦亦有樂,當中除了是一 個難忘的工作經驗之外,最重要就是認識到很多 來自不同崗位的同事,分享彼此的心得,這份交 流和友誼實在是難能可貴。盼望每一位曾在八鄉 檢疫中心服務的同事,無論現在身在何處,內心 都懷着八鄉明亮嘅月光,繼續走向人生光輝的每

> 八鄉檢疫中心醫療站高級醫生主管 劉敏維醫生

醫療站外觀 醫療站外觀 醫療站 上山的戰車 八鄉的夜空

竹篙灣

不可能的任務

2021年12月下旬開始·Omicron變異病毒株導致疫情大規模爆發·竹篙灣檢疫中心也經歷了成立以來最大的挑戰·高峰期入住的密切接觸者人數超過3000人。

而我也再次回到竹篙灣參與第五波抗疫之路。

第一項重要任務就是與余姑娘成立一支四人團隊,專門審視在數天內所收到的過千名申請者,是否因已接種疫苗而合資格提早離開檢疫中心。我們四人在制定了審視的過程以後,便日以繼夜地工作,務求在有限的時間來完成這項看似「不可能的任務」。在這段期間,大家互相扶持及鼓勵,發揮團隊精神,彼此努力直到太陽下山,才拖着疲乏的身軀回家。

竹篙灣檢疫中心醫療站的學習與指導

隨即,我們又經歷了另一項重大任務。因應檢疫中心轉型為社區隔離設施,我們要在三天的有限時間內,協助遷離約1200名正在檢疫的人士往酒店或家居繼續檢疫。

在行動中,所有崗位的同事無分你我,由白天到 黑夜的加班工作,務求達到當天的預定目標。部 門主管亦親自督導,陪同我們一起至深夜。加上 楊 Sir 與相關部門協作,使我們沒有後顧之憂地作 戰。這種無分職級的團隊合作,尤其令我印象深 刻。

這經歷讓我再次體驗「變幻原是永恆」的定律及 團隊精神的重要性。擬定的工作計劃往往趕不上 多變的情況,也就是發揮我們「隨機應變」小宇 宙的時候。而團隊合作及同事間互相扶持亦成為 我們面對每日不同挑戰時的強大後盾。

> 竹篙灣檢疫中心醫療站高級醫生 顏嘉禮醫生

在大眾市民心目中,醫生的工作便是診症及治療(處方藥物或做手術等)。但其實醫生也有另一個重要角色,這便是疾病防控了!我兼職加入了衞生署,參與防疫工作,不經不覺,已經兩年有多了。在檢疫中心工作的日子,令我有很深的體會。我和同事處理檢疫人士的不適,為他們提供診治。當中有不少人受到情緒困擾,心理支援不可或缺。高峰時我們一天服務了多於1600位檢疫人士。我在這裏也建立了不少友誼,和同事面對著眾多輿論及壓力下有哭有笑,互相扶持、互相鼓勵。檢疫中心在不久將來,可能不需要繼續營運,這卻另我有著依依不捨的感覺。

檢疫中心醫療站醫牛 歐健聰醫牛

竹篙灣檢疫中心夜色

幻想道背後的檢疫中心

由2003年的沙士·2009年的豬流感·2014年的中東呼吸綜合症·到2019新冠肺炎·我都有參與抗疫工作。主管對我說:「你已經是老將了!」我登大眼看著·他知道我誤會了·接着說:「你對檢疫工作數有經驗·去開拓竹篙灣檢疫中心一職·少不了你。」我苦笑而已!

每天應對著排山倒海般的工作與難度,忙到不可開交,經常連飯也沒有時間吃!收集大量樣本前後都要逐一核對資料,期望減少出錯。況且,即使穿着了整套保護衣及戴上N95口罩,樣本中的口水味道彷彿依稀聞得到。處理並"品嘗"百般口水滋味後,胃口也沒有了!當初入檢疫中心工作的護士是全女班,還好後市多了些"高大威猛"的男同事加入。

每天進出竹篙灣都會經過一條名為「幻想道」的路,經過與童話國度般的迪士尼樂園,經過兩旁綠樹成蔭修飾得很美的大樹,給人有着無限的想像空間……幻想過後,便是我們工作的地方——竹篙灣檢疫中心! 在檢疫中心工作的經驗是寶貴的。雖然每每下班都是身心疲累,但辛勞後經過美麗的幻想道,好似"過冷河"般,心情會變得平靜及感覺舒服。

學生健康服務護士長 洪海嬰姑娘

狂猛的疫情初襲本港之時,海量的市民需要檢疫。本署不同部門的同事也迅速動員支援、很多素未謀面的醫生、護士、文職同事都突然成為朝夕相對的伙伴,在檢疫中心共渡眾多無眠的晚上。當值的時候通宵工作是等閒之事,感覺就如時光倒流到當年醫院24小時候召的日夜,每每在夜深都會看到大家變得睡眼惺忪雙目通紅。最記得有一晚包機到港,數百市民凌晨等待安排入住駿洋邨檢疫中心,部門主管、顧問醫生、還有大量本該在家休息的同事也自發到場穿起保護衣相助,實在令當值的我感動萬分。疫情回落,我也跟隨其他同事的腳步回到門診重拾本身的工作。這是一段辛苦但有意義的工作回憶,感謝每位同事的相助和照顧,半夜收到我的電話仍耐心指導。指望疫情早日過去,檢疫中心愈來愈"生意淡薄",但我衷心希望可以在部門的其他崗位再次遇見各位,一起並肩工作。

社會衞生服務 張嘉榮醫生

竹篙灣檢疫中心不論是工作環境或性質都是獨特的·在其他地方不會 有機會經歷。

檢疫人士急忙執拾行李·不時會忘記攜帶藥物。他們覆診的醫務所除了公立醫院外還有位於不同地區的私家醫生甚至是外國醫生·所以要取得完整的藥物記錄有挑戰性。而且他們服用的藥物形形式式·例如一些需自費,或在香港沒有註冊·這些我們未能供應的就要考慮替代品。

印象最深刻的·是有一位檢疫人士傳送了一張包裝印有外語的藥物相 片給我們·他不懂中英語·未能用電話通話。經過一番努力我們才成 功透過翻譯軟件了解他的需要·並提供適切的藥物和服用指示。這個 特殊的工作環境讓我學會嘗試用創新思維·靈活地解決難題。

檢疫中心醫療站藥劑師 何詩濤先生

竹篙灣檢疫中心醫療站 - 年初一

時任政務司司長李家超先生視察竹篙灣檢疫中心醫療站

前食物及衞生局局長陳肇始女士視察竹篙灣檢疫中心醫療站

回想起我第一天到駿洋邨工作。「洗樓」是我會永遠記住的回憶!

我們的日常工作包括對檢疫人士作出健康評估·治療不適的人士及協助有需要的人士送到醫院。其中一項非常特別的任務就是「洗樓」!每天有大量人士進入檢疫中心作醫學監察·而衞生署的醫生護士同僚穿着防護衣·走到各樓層單位去了解每一位新入住人士及其家人的健康狀況·這就是「洗樓」。

當時正值炎夏·天氣非常炎熱·邨內沒有空調設施·奔走在各樓各層實在是一個非常有效的減肥方法·哈哈!「洗樓」就好像是特殊訓練·悶熱的空氣在保護面罩內轉化成朦朧的水蒸氣·同時間由於N95口罩的阻隔·呼吸亦變得有點急促吃力·步履間·隱約有透不過氣來的感覺。

儘管「洗樓」任務是如此艱辛·但是能和一班醫生護士同僚並肩作 戰·互相分擔工作·每次順利完成任務後·都為我帶來很大的滿足 感。感謝每一位曾經並肩作戰的「戰友」!

檢疫中心醫療站醫生 張偉文醫生

清晰記得入職第一天·顧問醫生和我簡要明確講解了竹篙灣作為檢疫中心的運作·以及PDQAS從非典期間開始作為香港檢疫中心主要負責部門角色一路走來的豐富經驗。當時的我·對於能夠參與抗疫工作感到興奮·非常希望能夠在這裏學習並貢獻自己的一份力量。

在竹篙灣·經歷了零確診到每日幾百幾千的確診病例。印象最深的無疑是在最忙碌的日子裏·同事們相互扶持的時刻。還記得和黃醫生一起下午+夜班·剛交班就接到了五十幾個確診的報告。當時日班的五六位醫生·二話不說·全部留下幫手·有的打電話評估病人狀況·有的出文件·有的整理匯總·有的安排送院。日班同事更是從早上八點半忙到晚上十一點·才開始陸陸續續吃晚飯。

半年下來·我最感恩的是·遇到很多良師益友·工作環境真的很棒。在我們的上司和commander的帶領下·醫生、藥劑師、護士和各位同事合作無間。

2022年對每個人都不容易,但卻能讓我們在這當中,珍惜這些難得的溫情和體驗。

檢疫中心管理系統的誕生

還記得2020年夏天,同事頂著高溫,穿著PPE, 之後,OCMS終於在2020年尾在竹篙灣誕生,同 戴著N95穿梭駿洋邨,逐家遂户拍門同密切接觸 事們不需再日晒雨淋地在户外逐家逐户向檢疫人 者核對個人資料和收集標本,每次都是汗流浹 士索取資料,大大節省了輸入資料的時間,提高 背,還要將大量的資料輸入電腦。因此一個適合了監察效率。逐漸地,OCMS因應我們的運作增 檢疫中心運作的電腦系統——檢疫中心管理系統 加了統計、閱讀檢測結果、尋找相聯密切接觸者 ("QCMS")在各方要求下應運而生。

和衞牛資訊與科技辦公室多次會議、溝通和測試 等等多種功能,今日的QCMS已成為了檢疫中心 不可或缺的工具。

> 檢疫中心醫療站統籌中心護士長 詹宇紅姑娘

初到團隊

由診所轉為檢疫人士提供醫療支援服務, 這突如其來的

工作調配,是要摸石過河的。作為香港專職醫療一份 子,我抱著戰戰競競的心情去迎接這份差事。我們服務 對象是「檢疫人士」,但背後故事各有不同:由嬰兒 到長者、需要特別護理和藥物的長期病患者、公開試 考生、需每天服用美沙酮的癮君子、不同工作背景的 在職人士、當然也有不同國藉但言語不通的人。挑戰天 天多,天天新頴,天天有「驚喜」。一般看似簡單的訴 求,我們都得花上不少時間聯絡各方部門,才能取得一 個回覆或決定。處理一些非醫療相關的狀況時,會感到 「有心無力」,無奈未能幫上忙。感到氣餒之際,我想 起一位年長的檢疫人十對醫療站同事說過的一番話:「 你們唔好成日講procedures,要do something,do something呀!」驟耳聽上以為是發牢騷,其實一針見 血。要處理他們的訴求,procedures未必可以解決問 題,但我們總可以do something。至少可以讓他們知 道:我們(醫護團隊)一直在這裡,關心每一個檢疫人 士的需要、處境,亦會盡力給予最適切的協助、安慰與 支持。「Do something」有如當頭捧喝,提醒我「同 理心」和「情緒支援」是檢疫人士漆黑中的燈台,能為 他們帶來「苦中一點甜」! 很感恩能夠成為這優秀抗 疫團隊的一份子,上了人生寶貴一課,切實地體會到「 萬事互相效力」的力量。我在Call Centre的日子有如 「歷奇訓練」,主管前輩、上司們、同事們,甚至每一 位服務對象都是我的歷奇導師,訓練我的情商智慧、判 斷力、解難和應變能力,藉此多謝你們!最後,我想表 達我在這兩年多的體會:面對困難與挑戰,不用多想,

方法一定比困難多, JUST DO IT!

營養師 胡燕柵女十

醫學監察支援組

藍田行政樓層的會議室暫時改變為醫學監察支援組辦公室,有十多位醫生、護士和文員正埋頭苦幹地工作。他們來自不同的服務單位,卻因為疫情而聚在一起。日更同事已工作超過12小時,但電話仍響過不停,"某人確診了、某人發燒39度、何時做檢測、何時有檢測結果、何時有救護車、何時有醫院牀位、何時可以回家......。"

醫學監察支援組團隊 - "PDQAS"

由2020年2月20日開始,我們的專職醫療團隊 (包括:營養師、物理治療師、視光師、臨床 心理學家)有需要時便參與醫學監察(Medical Surveillance Support Team("MSST"))工作。 起初,抱著好奇心態,對診所同事笑說兩星期 後見,迎接第一批檢疫人士—鑽石公主號。誰 知道,隨後的精舍群組、飯局群組、海外回港人 士、跳舞群組、做gym群組、大廈撤離......。檢疫 中心由駿洋邨、再加入鯉魚門公園渡假村、西貢 戶外康樂中心、八鄉、竹篙灣、後來還有十多間 檢疫酒店,大家感到有點迷惘。幸好在醫牛們的 帶領下,在有限的時間為大量的檢疫人士服務, 那份團隊精神,實在令人鼓舞。每日早上誘過電 話聯絡檢疫人士,就如致電家人般關心、問候他 們。對於他們的查詢訴求,會盡力協助和解答。 大家都能深深感受到檢疫人十要離開家園,與家 人和寵物分開的那份無奈心情、等候檢測結果的 焦急、對確診家人的憂慮和擔心。感謝所有檢疫 人十能夠包容、忍耐和合作,默默地逗留在陌生 的環境,渡過漫長的檢疫期。

但願疫情盡快過去,能夠回復原來的生活和工作,還有望見大家的「廬山真面目」!

營養師 張可琪女士 「抗疫要做甚麼工作?」「要接熱線電話嗎?」「檢疫人士會會很暴躁?如何應對?」「心理學家如何在醫學監察支援團隊幫忙?」以上都是親友知道我去幫助抗疫後的問題。我是第五波才加入醫學監察支援組的新成員,由零開始,挑戰也蠻大。第一天講解後,便開始邊工作邊了解程序,第一星期每天只有數十分鐘時間午飯。感謝大家互相幫忙,讓新同事(包括我)很快上手。由於要處理大量信息,我用上封塵已久的excel知識來簡化程序,記錄檢疫中確診人士的資料,讓團隊跟進。

我是臨床心理學家,也會聯繫特別個案了解他們的需 要及幫助情緒不穩的人士。記得第一天便要通知檢疫 人士們未能離開酒店的消息。檢疫多天已經很辛苦,却 未能離開,心情自然直跌谷底,所以要以同理心去理解 對方感受及盡力解答:遇上不知道的問題,我會先老實 告知,及答應會幫忙尋找答案,令他們安心。一位人士 在檢疫酒店中確診情緒不穩。我致電她時,她哭著告訴 我,確診後一直等候送院,沒有資訊會去那裡及何時能 離開,已多天找不到人間,我是在她確診後第一位致電 她的人。及後,我們替她跟進送院安排,她知道後便放 心了。也有例子是檢疫人士關心家人。如:「能否安排 電視給我在鯉魚門檢疫的姐姐?那邊沒有電視。」各中 心的設備並不一樣,這情況實是愛莫能助。也有人心繋 子女導致情緒不穩。「可否讓我跟小孩子同房,他不懂 自理...看到他的食物還在房門口,他沒有準時食飯...... 又沒聽電話......令我很擔心。」媽媽緊張的向我說。查 閱資料,知道"小孩子"是個十六歲男生。我撥電,結果 是留言信箱;只好經酒店前台接到房間,男生接了,說 他很好,因為在打手機遊戲,關掉來電功能。其實他很 享受自己在檢疫的時光,讓我告訴媽媽不必擔心,他餓 了便會吃飯,他相信自己可照顧自己。也有人士擔心寵 物、家居安全。其實離開熟悉的地方,住進陌生環境 心情緊張、覺得焦慮也是正常。我發現不少檢疫人士害 怕你收線後,再打很多電話也找不到相關人士對話,才 會較「勞氣」。當我聆聽及作出回應,他們很多時也表 達謝意,明白我們真的是想幫他們。簡單一句「真係唔 該晒你」,已經為我抗疫工作增加意義。

臨床心理學家 李家昕博士

酒店檢疫藍田熱線中心

醫學的藝術 - 為檢疫酒店的受檢疫人士提供遙距醫療服務

在疫情高峰期,我們需要為超過 3000 名檢疫人士提供遙距醫療服務。檢疫人士在檢疫酒店曾經要進行長達21天醫學監察確實不是一件容易的事。當中醫學的藝術與科學同樣重要。

在藍田熱線中心,即檢疫酒店醫學監察及支援組,每天都需要透過電話聯繫受檢疫人士,監察他們的健康狀況,回答緊急查詢,以及解決他們的各種問題。 當我在 2020 年 2 月第一次調派到這個工作崗位時,這些任務聽起來很簡單,但我很快就知道,原來並不簡單。

酒店檢疫藍田熱線中心

儘管大多數受檢疫人士都沒有健康問題,在檢疫期間都很順利,但當中不少人有各種健康垂詢,需要技巧地給予額外的照顧及關注,特別是一些受情緒困擾的人士。

這就是醫學的藝術必須付諸實踐的地方。我們需要感同身受,以婉轉的電話諮詢技巧應對,在滿足個別人士需求和維護公平公正的檢疫條例間取得平衡,與同事緊密合作,與同樣面對壓力的同事相互支持,懂得欣賞同事和自己的努力等

今天,我已經回到了原來的工作崗位上。如果有一天,我的家人或我必須接受檢疫,我相信我將會毫不懷疑地信賴同事,會以專業照顧我們,充分實踐醫學的科學和藝術。

長者健康服務 盧卓浩醫生

Site XYZ

安老院舍和殘疾人士院舍的院友在日常生活上需要特別照顧,當他們接受檢疫時,不能入住一般的檢疫中心。Site X、Site Y和 Site Z分別位於香港傷健協會賽馬會傷健營、伸手助人協會樟木頭長者度假中心及亞洲國際博覽館("亞博"),是由社會福利署營運為院友而設的檢疫設施。

衛生署的檢疫中心醫療站協助進行醫學監察,我有幸參與支援 Site X Y Z 的醫學監察的工作。亞博,就是Site Z,是當中最大規模的,印象最深刻的是於第四波疫情時,我和同事每天都到場場力親為,重覆更換保護衣物配件,為院友作核酸採樣。我了解到Site Z與一般檢疫中心不同之處,亦讓我明白護理團隊照顧不同背景的院友所在出的窩心安排,例如在長者所有困難。我亦恰巧遇到在特別時刻護理團隊為檢疫院友所作出的窩心安排,例如在長者院友安排娛樂節目。我很高興能與社會福利署的同事和照顧院友的護理團隊有着緊密的合作和溝通。能見證到完成檢疫的院友在離開時依依不捨

的情景,以歌聲送別,那是一份無價的滿足感, 亦看得出檢疫人士對護理團隊照顧的無限感激, 真是令我深深感動。

一起走過的日子!

2019冠狀病毒肆虐全球、醫療輔助隊 (下稱醫輔隊) 竭力支 援衞生署的各項抗疫前線工作,派出隊員到檢疫中心、總部 控制室、臨時樣本採集中心、等候檢測結果中心、社區檢測 中心等, 並負責護送檢疫人士, 全天候站在各個前線抗疫崗 位。此外,醫輔隊亦有派員協助巡查指定檢疫酒店、執行第 599] 章規例、上門派發家居抗疫物資包等,更曾到公眾檢 房支援及處理積壓的遺體,從不同層面,竭力控制及抵抗疫 情,保護市民健康!

自2020年1月23日抗疫值勤第一天開始,醫輔隊已派員於各 檢疫中心24小時協助衛生署醫療中心,照顧密切接觸者。首 間開始運作的檢疫中心是麥理浩夫人度假村,其後鯉魚門公 園、北潭涌度假營、饒宗頤文化館、西貢戶外康樂中心、八 鄉少訊中心、駿洋邨、竹篙灣,還有多間酒店先後成為檢疫 中心。第五波疫情最艱難的時刻,13間檢疫中心同時運作, 每天須近100名隊員於各檢疫中心當值,可見當時疫情是何 等嚴峻!

每當提及檢疫中心,一般市民可能都會關心日常物資和膳 食, 但檢疫人士的醫護需要實在不容小覷。醫輔隊與衞生署 在這方面合作無間,我們的隊員無論烈日當空又或是下著傾 盤大雨,依然穿上全套保護裝備,親自走到房間門前,為檢 疫人十量度體溫,派發和收取深喉唾液樣本等。如果檢疫人 士有需要到訪醫療中心,隊員則會從旁指導進行手衛生,並 協助他們接見醫生。

回顧過去兩年半這段艱辛的日子,實在感觸良多!究竟我們 是如何走過呢?我們的隊員與醫療中心的醫護人員合作無 間,有醫護人員的地方,便一定會有我們的隊員。最難得的 是面對排山倒海、既急目趕的海量工作,彼此仍能互相體 諒,挽手同行,一起跨過一波又一波的挑戰!

我們深信只要大家一起堅持,必定可以成功抗疫,一起守護 家園!期望不久將來,我們可以除下保護衣、脫下口罩、細 說一起走過的日子!

前醫療輔助隊副總監(行動)/醫療輔助隊參事李家強先生

最佳拍檔

抗疫之路不經不覺已走了超過兩年半,但與同伴一起站在前 線服務的經歷,至今仍然歷歷在目、記憶猶新。還記得2020 年1月初疫情剛開始爆發,我們就已經和衞生署的同事並肩作 戰,在麥理浩夫人度假村、鯉魚門公園度假村等檢疫中心等 的醫療站一起工作。可是,需要檢疫的市民實在太多,政府 决定使用尚未入伙的火炭黢洋邨作為檢疫中心。面對可收容 幾千人的駿洋邨,從政府宣布到啟用的時間那麼緊迫,我們 都估計到這耥任務十分艱鉅,而且心裏都不約而同浮現一個 問題:我們可以提早作出什麼準備?

大家決定先一同到現場視察,眼前所見是一個剛峻工的地 盤,四處放滿建築物料;各紀律部隊的義工正努力為單位安 裝床舗及放置物資,準備迎接檢疫人士「入伙」。由於客觀 外,還要在各電梯大堂及樓梯設置告示牌及封條,以免大家 誤闖污染區。此外,我們亦需訂立監察檢疫人十健康狀況的 程序,例如如何有效地每日量度及記錄數千名檢疫人士的體 温;檢疫人士資訊包(俗稱「福袋」)裏應該包含哪些物 資;檢疫人士感到身體不適時要如何跟進等。不久之後,我 們迎來首批住客:滯留在日本橫濱的鑽石公主號郵輪上的數 百名本港居民。

數十輛旅遊巴把這批旅客由機場直接送到駿洋邨後,我們的 工作隨即展開,衞生署的醫生、護士和我們一起穿上保護 個單位,為檢疫人十量度體溫。由於當時仍是疫情的最初階 作,以免造成交叉污染。其後,從湖北省武漢市及南亞地區 扳港的市民先後成為駿洋邨的住客。大家每天穿梭各個樓 層、照顧每一位檢疫人士。我們齊心合力、克服重重困難 迎難而上。由零開始,大家在駿洋邨共事,到竹篙灣檢疫中 心各期相繼落成,我們仍然不忘初心、齊心抗疫,可謂抗疫 路途上的最佳搭檔。

駿洋邨檢疫中心完成了歷史使命,如今已住滿居民。我曾即 興舊地重遊,看見當時仍被封鎖帶圍封的休憩公園已經開放 使用,孩子們在公園裏快樂地玩耍。他們應該不會知道那裏 曾發生的人和事,但一切都不再重要,正如在檢疫中心工作 時,一位醫生經常掛在口邊的一句話:「修合無人見,存心 有天知」。

醫療輔助隊高級行動及訓練主任(行動)徐煒舜先生

民眾安全服務隊(民安隊)

我是民安隊的高級隊員潘建生,在竹篙灣檢疫設施工作的同事都稱呼我為健生。2020年年初,新冠肺炎病毒在香港爆發,政府陸續開設了多個檢疫中心,我以民安隊隊員的身分參與抗疫工作,曾先後服務麥理浩夫人渡假村、西貢戶外渡假營、饒宗頤文化館和駿洋邨等。到了2020年年中,政府開設了竹篙灣檢疫中心,我在8月3日正式參與竹篙灣的抗疫工作,服務持續至今。

現時我在竹篙灣指揮中心工作,主要負責營友入營及離營的工作。說起日常工作,我有一件讓人感到欣慰的事想跟大家分享。2021年5月中,有一對日本藉母子被送到竹篙灣檢疫中心。他們入住後翌日,先跟在香港工作的爸爸聯絡,再找了日本領事館求救。那天我在指揮中心收到了日本領事館的電話,職員來電查詢營內該日藉母子入住竹篙灣的事宜,並表示該家庭的同行女兒行蹤不明,要求我們協助找回那名女孩。由於我日常從事日語翻譯的工作,立刻活用平日積累的語言能力,向日藉媽媽了解事情經過,並詢問她是否與家人失聯了。

一問之下,媽媽把入住經過娓娓道來:原來她獨自帶着一子一女從日本乘機來港,但同機不幸有乘客確診,所以他們入境後需要到竹篙灣檢疫中心檢疫14天。然而,當我翻查入營紀錄,竟然發現只有兩人一同入營,完全找不到女兒的資料。我再向日藉媽媽追問,才得知女兒到達機場後因身體不適而轉送醫院,其後失去聯絡。我掌握了事情的來龍去脈後,輾轉從多方面查證,終於在

同日收到衞生署的電郵,證實有一名日籍女孩將由伊利沙伯醫院轉送竹篙灣檢疫中心。我迫不及待向日藉媽媽核對女孩的姓名,確定是她失散的女兒。其後我們安排女兒跟媽媽及弟弟三人同住,好讓他們一家團聚。

接下來數天,我都會不時致電他們,看看他們有沒有特別需要。這個日藉家庭離營時,給我們送上手製心意卡,以答謝每一位幫助過他們的工作人員。我頓時感到欣慰興奮,深感眾人努力付出成果豐碩,服務熱誠備受肯定。一張細小的心意卡承載了無盡的心意,為我們竹篙灣的每一位工作人員帶來了無比的鼓舞。

本港疫情起伏不定,不時有市民需要進入竹篙灣接受檢疫。縱然這裡的工作人員每天都面對沉重的工作,但我們內心仍然充滿熱忱,努力不懈地與專業發展及質素保證服務單位的醫護人員攜手合作,為市民提供以人為本的服務,為深愛的城市作出貢獻。

民安隊高級隊員 潘建生先生

與民眾安全服務隊團隊合照

支援新冠疫苗接種

推廣疫苗接種

專業發展及質素保證服務積極推廣及支援疫苗接種,當中包括協助衞生署健康促進處拍攝了一輯六集的「家庭醫生同你傾疫苗」,參與「姊妹淘」及「打者愛也」的節目拍攝,在不同媒體如電視台,亦有在診所,公共交通工具等播出,將疫苗接種廣泛推廣至不同年齡層。

參與拍攝「家庭醫生同你傾疫苗」及推廣疫苗接種工作

PDOAS拍攝短片推廣疫苗接種

支援社區長者接種新冠疫苗

在2021年9-10月, PDQAS 3位醫生參與推廣為社 區長者而設的即場新冠疫苗接種,並設講座解答 他們對疫苗的疑問。

安老院舍外展疫苗接種

第五波疫情嚴峻,為了減低感染重症入院及死亡 風險,務必盡快為安老院院友接種新冠疫苗。

2022年3月3日衞牛署迅速成立了一支跨專業外展 隊伍,為安老院舍長者和員工接種新冠疫苗。自 動請纓参加這支外展隊伍的同事們來自不同的服 務單位,當中包括專業發展及質素保證服務、長 者健康外展分隊、牙科服務以及學生健康服務。

每一接種小隊主要由一位醫生和兩位護士組成, 負責查閱和核實長者的醫療健康紀錄、評估長者 身體狀況,身份核對後便可進行注射。亦有後勤 文職支援疫苗管理、派發疫苗證書等工作。

我們要把握時機與時間競賽。不少已預約的院舍 爆疫,當中又有跨區及位處偏遠地區的院舍需作 出合適安排。最終,於2022年3月4日至5月10日 期間,各小隊伍重覆到訪約78間安老院舍,接種 疫苗超過5100劑,與其他外展隊伍合力提升院舍 長者接種率。

為社區長者而設的講座及即場接種新冠疫苗

第五波的特別任務

外展疫苗接種隊到安老院舍為院友作評估和為適合的院 友即場接種新冠疫苗,我亦很高興能夠成為隊員。醫生 本身的職責和使命就是要保障大眾的健康和拯救病人的 生命,能夠幫助提升院舍長者的疫苗接種率,正正可以 減低他們患上重症和死亡的風險,所以這個特別任務 令我感到非常有意義!

九龍公務員診所 張人傑醫生

院舍疫苗接種外展隊

在2019冠狀病毒病抗疫路途上,我站在前線肩負起執 行檢疫中心醫療站的工作。檢疫中心的數目和入住的市 民都比以前多;因應疫情發展的檢疫措施也經常更新, 因此同事每天都面對很大挑戰。幸好大家目標一致,齊 心抗疫。到檢疫中心的工作開始緩和的時候,我又接受 另一項任務 - 成立外展隊,馬不停蹄到訪安老院為院 友接種疫苗, 務求打得一針得一針。看見院舍的接種率 逐漸上升,長者的健康得到保障,我們的汗水都是值得

疫情期間面對各種的挑戰·PDQAS的同事創作了歌詞《Penny's Bay Song》及原創歌曲詞《前航》·在艱辛的抗疫之路上互相鼓勵及支持·並肩同行·讓大家時刻感到關心和諒解。

《Penny's Bay Song》

作詞: Dr. David Luke 音樂:《分分鐘需要你》

You touch Covid-Nineteen, there is nothing to say You will be sent to Penny's Bay When the food gets cold, and the night grows old There's an old man who serenade Hugging my mum and dad, kissing my love in bed All-and-all in fourteen days One day the sky will be blue, and the breeze will be cool And my kids will be back at school And when the sky is gloom, and the world is doomed Hope has all but faded away But when the morning comes, the sacrifice is done It will be a better place Hugging my mum and dad, kissing my love in bed All-and-all in fourteen days One day the sky will be blue, and the breeze will be cool And my kids will be back at school

《前航》作曲、作詞: 譚嘉渭醫生

盡獻真心 一致邁往

有人問為什麼總是PDQAS呢?因為PDQAS醫護團隊的 專長是以人為本、重視人心,照顧檢疫人士,好好保護 他們不受感染,發現染病便盡早治理。阿紅自薦入檢疫 中心工作。阿華知道老人家滑倒,立刻趕去評估提供治 療及安排送院。阿曾體諒檢疫人士心情,自費提供朱古 力。PDOAS的工人不是做送貨清潔的,他們要把關保 持診所環境衞生令求診的人和員工都感覺安心,將血液 樣本安全送達化驗讓結果得以協助診斷。PDOAS 的文 員不是做影印登記的,他們是確保病人資料無誤,私穩 受到保障。醫生護士藥師各有職責,每一環都是我們提 供良好醫療服務團隊不可缺少。這解釋了為什麼總是有 PDOAS的份兒。 二十年前的危機成就了我們一個團结 小隊,現在團隊大了,人多了,大家面對目前的挑戰 希望仍能締造一個機會讓大家歷練出包容和信任。勿忘 初心,盡自己的責任。重複再提,檢疫工作只有一個簡 單目標,保護檢疫人士,提供醫護照顧,發現染病便盡 早送院治理。每人都出一分力,齊心一定事成,我們都 會以作為衞生署的一份子感到肯定和驕傲!

專業發展及質素保證服務主管 范婉雯醫生

古有云:三十而立。三十年,看似基業已成,但實在這還只是個開始。對PDQAS來說,這段時間,真的走來不易!尤其面對大疫情,大家都是挺著,捱著過。雖則仍有進步空間,但亦算不負所托。小子有幸十多年後可以再和多位舊同事並局而戰,身處前線親身體會,確實appreciate 領導班子的創意,資源靈活調配,同事用心配合,加上海納各方精英會聚,大家同心協力,齊上齊落,眼見 PDQAS 邁向成熟!

另一方面、從微觀而言、這役也暴露了制度上有很多改善的空間。 抗疫就像行兵打仗,要打勝仗,團隊們包括前線士兵、後勤支援 、軍官一定要互相配合、才能事半功倍。回頭來看,如何面對將來? 其一出路或許是要大力發展街坊醫療網絡,PDQAS 確實任重道遠!

Perhaps the following would point out some tips:
"The woods are lovely, dark and deep,
But I have promises to keep,
And miles to go before I sleep,
And miles to go before I sleep."
Stopping by Woods on a Snowy Evening.
By Robert Frost.

前家庭醫學顧問醫生 曾昭義醫生

It's a good memory and experience for me to work in QCMP.

I was really grateful to be one of the team members in QCMP to provide services to the people and worked together with volunteers from different disciplines to fight against the pandemic.

It is certainly become one of the good memories in my career.

Thank you for your guidance and advice, and making me proud to be one of the QCMP members.

Thanks.

職業健康主任醫生(診所服務)鄺慶基醫生

" I am really grateful to have a chance in joining the QCMP since 2 years ago when the COVID-19 condition was starting in HK. The help & effort I offered to all HK people was invaluable. Also, I can have a chance to learn QC work from senior members which is really precious. As more & more infectious diseases are emerging, PDQA & QCMP would be much more important in the near future. It is my glory to have joined such meaningful work near it's 30th Anniversary. I congratulate PDQA and all members of it & look forward to it's much more 30th years of bright futures!!!"

檢疫中心醫療站 張可蔭醫生

不知不覺在衞生署兼職工作已有兩年多。由駿洋邨到竹篙灣,後至藍田,又回歸竹篙灣六期D。初期主要協助長時間檢疫者,後來有了家居檢疫,又有恢復進行追蹤緊密接觸者短暫檢疫,以及全採核酸檢測等,工作量隨著起落。醫護人員由每日數十職員,到晚間只有少數醫,不但工作量多,亦要緊貼抗疫政策改變,工作人員有一定壓力。儘管如此,能夠結識不同的醫護人員一定壓力。儘管如此,能夠結識不同的醫護人員一時,看望能夠盡自己能力,與其他醫護不鼓勵及支持。當初我懷着熱誠,不計較回報,申請加入抗疫團隊工作,希望能夠盡自己能力,與其他醫護和人抗疫團隊工作,希望能夠盡自己能力,與其他醫護和人,非常開心。醫療站亦準備支援瘧疾、預防猴痘症的醫療站亦準備支援瘧疾、預防猴痘症的份工作,是整體抗疫工作中的重要一環。由短暫支援變作長期作戰,希望我能夠與前線醫護人員同心努力,助香港走出疫情的陰霾,回復當初的國際城市。

鍾少石醫生

感激·沿途有您!恭賀PDOAS三十周年紀念!有幸在人 生黃金十年加入這個超卓的團隊! 感恩! 還記得早在 家庭醫學診所作trainee時,跟一眾大師傅學習醫術醫 德,以及一班高質關愛病人的護士和診所職員共事,令 我獲益不淺。及後於新界公務員診所行醫,天啊!又是 另一所臥虎藏龍之處!各位前輩及同事們為病人提供的 身心靈治療,從眾多病人發自內心的感謝可見一斑。亦 感恩這些年與大家建立的情誼,畢生難忘。新冠疫情 迎來前所未有的挑戰·PDOAS統籌及協調並開展檢疫 中心醫療站的工作!由領導、前線醫護、文職到庶務 加上其他部門的同事們、大家都眾志成城、堅守崗位。 還記得:「神速」完成裝嵌的醫療站;盛夏中「全副武 裝」上陣,汗流浹背的「洗樓式」派送醫療包;照顧不 同國籍、語言、身心靈健康等需要的檢疫人士:一個醫 療站有「難」,多個醫療站立刻支援的義海豪情;遇到 打風,仍然長時間謹守崗位的同事們;大伙兒一起喊口 號,一起高歌的moments 等等,至今仍瀝瀝在目...藉 此謹向各位「戰友」致敬!見證PDOAS承傳着家庭醫 學的精神,不斷提升優質的基層醫護服務,即使面對未 來的挑戰,相信定能繼往開來,造福社群。
